CURRENT RESEARCH & INNOVATIONS IN BIOTECHNOLOGY

Dr. V.P. Rao

Convenor,

World Congress On Biotechnology
And Health Care Summit - 2019

BioGenesis Health Cluster takes a great pleasure to invite all the participants across the globe to World Congress On Biotechnology And Health Care Summit-2019, "International Conference on Biotechnology and Health Care Summit" conference is scheduled on 28th and 29th August 2019 at J.N Tata Auditorium, Indian Institute of Science, Bangalore, India.

WORLD CONGRESS ON BIOTECHNOLOGY AND HEALTH CARE SUMMIT-2019 will bring together the world's leading scientists in the field of biotechnology to discuss their latest researches. Our aim is to gather the most elegant societies and industries along with the renowned and honorable persons from top universities across the globe. World Congress On Biotechnology And Health Care Summit-2019 organizing committee is confident that participants will get benefits from this high value scientific programs. This conference includes prompt keynote presentations, Oral talks, Poster presentations, and Exhibitions.

We look forward to celebrating and enhancing our amazing profession with you at the WORLD CONGRESS ON BIOTECHNOLOGY AND HEALTH CARE SUMMIT-2019.

Dr. Lynn Gladden

Chairperson,

World congress on Biotechnology
And HealthCare Summit-2019

Dear Friends and Colleague,

The World congress on Biotechnology and Health Care Summit-2019 "Current Research & Innovations in Biotechnology" would provide eminent scientists the opportunity to present their cutting edge researches in the field of biotechnology and its applications in modern science. This conference will offer to be a best platform for listening to and networking with the leading experts in finest platform where you can deliberate the prominence latest biotech research and learn about all the important developments in biotechnology and Healthcare research.

The conference aim is to gather the researcher's academicians and scientists from the field of Biotechnology and Healthcare community and to create an approach towards global exchange of information on technological advances, new scientific innovations, and the effectiveness of various regulatory programs towards biotechnology and healthcare. This conference will be an effort and a good beginning in that direction.

ABOUT CONFERENCE:

Bio Genesis Health Cluster is pleased to announce WORLD CONGRESS ON BIOTECHNOLOGY AND HEALTH CARE SUMMIT- 2019, "International Conference on Biotechnology and Health Care Summit " is scheduled on 28th and 29th August 2019 at J.N Tata Auditorium, Indian Institute of Science, Bengaluru, Karnataka. The theme of the conference is "Current Research & Innovations in Biotechnology"

WORLD CONGRESS ON BIOTECHNOLOGY AND HEALTH CARE SUMMIT- 2019 "Current Research & Innovations in Biotechnology" is unique in bringing state-of-the-art in the field of biotechnology. It will provide an excellent opportunity to scientists to benefit from the lectures of a number of Nobel laureates and other top scientists on the current state of developments and the new challenges facing the scientists.

The conference aims to shed light on the translational nature of biotechnological research, with emphasis on both the basic science as well as its applications in industry and academia. Latest researches, business development, strategic alliances, partnering trends, product opportunities, growth business models and strategies, licensing and pharmaceutical biotechnology (e.g. vaccines, CNS, cancer, antibodies), medical biotechnology, industrial biotechnology, bioprocess engineering, protein engineering, plant and environmental technologies, transgenic plant and crops, bioremediation, and microbial diversity research will be the topics of discussion. The scientific program will feature live workshops, interactive education sessions, B2B meetings, round-table discussions apart from the conventional plenary sessions, featured symposia, breakout sessions and oral presentation sessions for abstracts and challenging cases.

FOCUS ON THE CONFERENCE:

- Design common risk stratification tools in pharmacology medicine.
- Discuss the most updated guidelines for pharma disease management.
- Recognize the most relevant evidence in stroke prevention.
- Review effective strategies for prevention of sudden death, including appropriate Management of ventricular arrhythmias.
- Compare effective preventive strategies in patients with atrial fibrillation and other atrial arrhythmia.
- Identify risk factors for heart failure and become familiar with strategies to prevent complications in patients with already established heart failure.
- Describe the key clinical elements to risk stratify individuals with hypertrophy Cardiomyopathy.
- Cite the critical steps in risk reduction in patients with established coronary disease.
- Manage cardiovascular risk in primary prevention.
- Revise the most updated guidelines for prevention of infective endocarditis.
- Review the most updated recommendations for primary and secondary prevention of deep vein thrombosis.

WHY TO ATTEND:

- Encounter the target market with members from across the globe, committed to learn about biotech imaging techniques.
- This is the best opportunity to outreach the largest gathering of participants from around the world.
- Conduct presentations, distribute and update knowledge about the current situation of Biotechnology research technique and receive name recognition at this 2-days event.
- World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in Biotechnology are the principal features of this conference.

WHO SHOULD ATTEND:

- Biotechnologist
- Directors
- Microbiologist
- Pharmacist
- Researchers
- Academic Scientists
- Business entrepreneurs
- Industry Professionals
- Head of department
- Biotechnology Young Researchers
- Biotechnology Faculty Members
- Biotechnology and genetics Associations and Societies
- Business Entrepreneurs
- Training Institutes
- Worldwide Biotechnology Medicine Companies
- Exhibitors and Sponsors & Professors and Students from Academia in the research of Biotechnology.

CALL FOR ABSTRACTS:

All investigators are invited to submit abstracts on topics pertaining to conference topics mentioned on the website. Authors are invited to submit abstract(s) using the submission form on this page. Abstracts should contain sufficient detail on the techniques used and the results, which will be shown. You will receive a confirmation when the abstract has been received. Please contact the conference secretariat if you did not receive confirmation within 5 working days. If you find any difficulty while uploading abstract you can send abstract to info@worldbiotechnologysummit.com. Submission implies the intent of at least one author to register, attend the symposium and present the paper. Contributions will only be finally accepted after registration and payment of the conference fee.

Important Dates:

Abstract Submission Deadline: Visit : <http://worldbiotechnologysummit.com/call-for-abstracts/>

Early Bird Registration (With Reduce fee): Visit: <http://worldbiotechnologysummit.com/registration-details/>

SPONSORSHIP & EXHIBITION

The World Congress On Biotechnology And Health Care Summit-2019 is the largest global event for the healthcare industry, which offers key networking and partnering opportunities, and provides insights and inspiration on major trends affecting the industry. Exhibitors reach high-level executives and influential decision makers who come to the world congress to discover new players in the industry, form partnerships and evaluate emerging technologies.

LECTURE SPONSOR/EXHIBIT: INR 50 THOUSANDS
