About the National seminar

After a gap of three decades, MHRD, Govt of India initiated massive consultations with the cross Section of the society to formulate a National Education Policy-2019, which envision India centered Education system to transform our nation into sustainable, equitable and vibrant knowledge society. After compiling the view point emanated with respect to all aspects of education at different levels of education were consolidated and presented in the form of draft NEP and placed before the nation for wider consultation. Often it is heard from the senior academicians and the educational administrators that after independence this draft document attracted the attention of many and discussed threadbare. The suggestions received from across the nations were taken into consideration and MHRD finalized the National Education Policy -2019 and the same was being placed before different bodies and after obtaining their consciences the policy document will be a ‘beacon light’ for all our policy initiative in Education for the years to come.
