International Conference on Recent Advances in Pharmaceutical Sciences

The Kaktiya University College of Pharmaceutical Sciences organized a three day International Conference on "Recent Advances in Pharmaceutical Sciences (RAPS-2012)" during November 22-24, 2012. Scores of Scientists from Pharmacy across the nation and abroad took part in the seminar. Addressing the delegates at the inauguration of the conference as Chief Patron University Vice-Chancellor Prof. B. Venkat Rathnam said that the purpose of research in any field should be for the welfare of the mankind. Pharmaceutical Sciences is an area of scientific work that encompasses unlimited opportunities. Participating in the inaugural session Prof. Colin W.G. Fishwick of University of Leeds, U.K. said that in India research in the field of pharmacy is being carried at international standards with excellent lab facilities. It is a good sign that more and more students are opting for pharmacy courses, he said. Delivering the keynote address on "Nano Particle as drug delivery systems for the brain" Prof. Jorg Kreuter, Goethe University, Frankfurt, Germany said that nano particles delivery reduces the dose drastically as the drug is specifcally delivered to the target tissues and has a low toxicity and lower rate of adverse effects. Prof. Jagath Kanwar, Deakin University, Australia addressing the gathering said that new discoveries especially in cancer with minimal side effects is the key of current research in pharmaceutical sciences. Six Plenary Lectures by foreign scientists and 18 lectures have been arranged in the seminar for the benefit of the participants.

University Arts & Science College

....Journey from Accreditation to Re-accreditation

University Arts & Science College is the oldest higher educational institution located in the North Telangana Region of Andhra Pradesh. It has many distinctions to its credit. It is accredited by NAAC with 'A' grade. It is one of the few colleges in the country recognized as a College with potential for excellence and Star College by the UGC. The College has now applied for NAAC Reaccreditation. Evolution of this educational institution can be traced back to the year 1927. As constituent college of Kakatiya University, it has been playing an exceedingly pivotal role in teaching, research and extension activities. The College has been contributing to the socio-cultural transformation of the region by imparting quality and value based higher education in the backward region of Andhra Pradesh. The College offers 30 different Under Graduate courses and course combinations and 9 PG courses. It has a glorious track record in sports and cultural front. The College has a well equipped library, sophisticated English Language Laboratory, air-conditioned seminar hall, computer lab, auditorium, Health Centre, Multi-Gym and a big play ground.

Students should reach out to the society with a vision to develop nation, said AP Anti-Corruption Bureau Director General D. Prasad Rao. Speaking to KU Engineering College students on the occasion of Engineers Day on September 15, 2012 Sri Prasad Rao said that students should address the problems of the public finding alternative technology. He cited the example of harnessing solar energy in place of electricity. On the eve of the birthday of Mokshagundem Visweshwarayya which is celebrated as Engineers Day, the ACB chief exhorted the students to emulate him who has strived for the agricultural, industrial and economic development of the nation in a holistic manner. Visweshwarayya realized that education is the basic facet for national development. Former Professor of National Institute of Foreign Trade New Delhi, Sri Murali Darshan advised the students to do projects to identify the problems encountered by selecting villages. University Vice-Chancellor Prof. B. Venkat Rathnam said that additional facilities are being provided to students to enhance their job opportunities. Registrar Prof.K. Sailu said that human resources are being considered as the capital for national development and India has an edge over other countries in this aspect. Warangal NPDCL Chief Engineer Ms. P. Sandhya Rani, Principal of KU Engineering College, Dr. L.P. Raj Kumar, Russell's Institute of English Director Mir Ashfaq Zaheer took part in the Engineers Day celebrations. Sri Prasad Rao inaugurated NET/Competitive Examinations Coaching Centre in the Library Building and also delivered a lecture on "Interference and Diffraction - A new hypothesis" in Physics department.

Popular Lecture on DNA sequencing

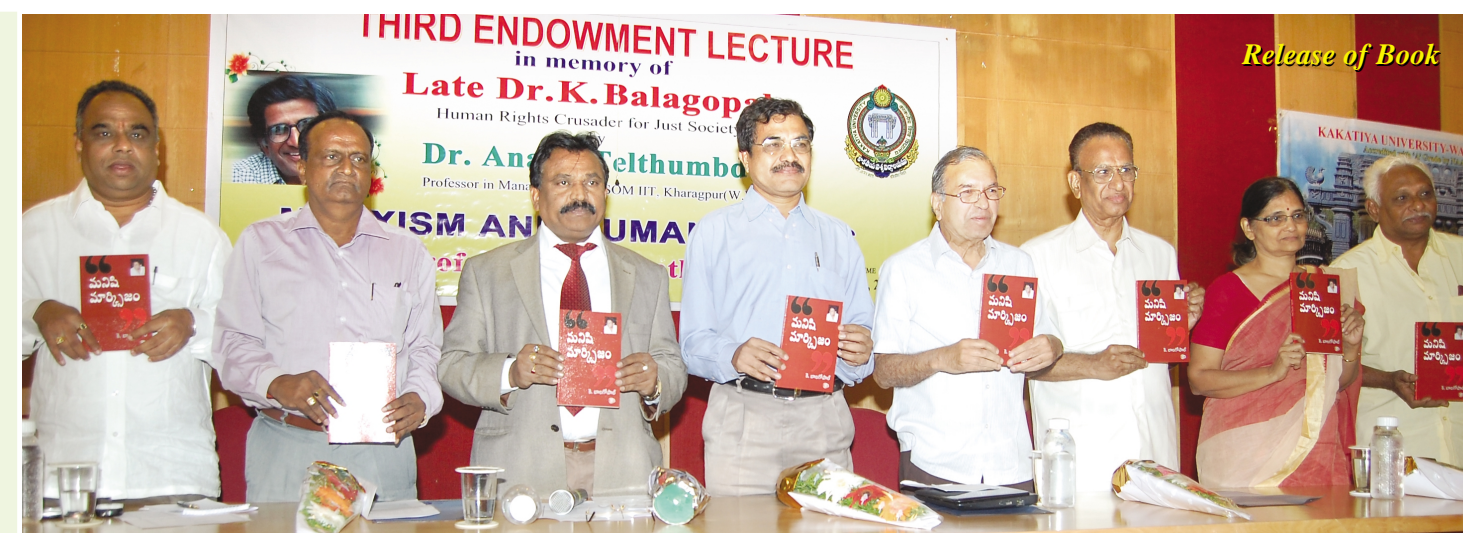

Dr. Ch. Prasad Rao, Director, CCMB delivering lecture

The A.P. Academy of Sciences, Warangal Regional Centre at Kakatiya University organized a popular lecture on "How do we sequence our DNA: Past present and the future" by Dr. Ch. Mohan Rao, Director, CCMB, Hyderabad on 6.11.2012 in the Senate Hall of the University. Delivering the lecture Dr. Mohan Rao said that the advancements in the DNA technology would revolutionise the human life. Taking a drop of blood, the whole history of human health and how it would help avoid diseases and change our lives, he explained. He pointed out that science was proven tool of social transformation and the new technology enhances the knowledge of human body. Citing examples, he said that though much of science was developed by Indian scientists, it was all implemented by the western countries than India. He appealed students to opt for research. University Vice-Chancellor Prof. B. Venkat Rathnam presided over the lecture programme. Registrar Prof. K. Sayulu, Dr. J. Madhusudhan Rao, Dr. G.V.M. Sharma, Academy Regional Coordinator Prof. Ch. Sanjeeva Reddy, Jt. Regional Coordinator Dr. G. Shamitha, teachers, researchers and students took part in the programme.

Dr. Balagopal Endowment Lecture

The third Endowment Lecture in memory of late Dr. K. Balagopal, the human rights crusader for just society was held at Kakatiya University on October 8, 2012 in the Senate Hall. Dr. Anand Teltumbde, Professor of Management, IIT, Kharagpur delivered lecture on "Marxism and Human Rights." He said that Dr. Balagopal elevated human rights to such a high pedestal as to imagine that social transformation would happen through struggle for them and not through violence as internalized by the Marxist tradition. He opined that Marxism has been made a 'canon', a religion, which only valorizes faithful and condemns its sinners. Balagopal, with his creative spirit, honed by the dialectics of theory and practice could not stand it, he said. A book "Manishi-Marxism" authored by Balagopal was released. University Vice-Chancellor Prof. B. Venkat Rathnam presided over the programme while Prof. K. Sayulu, Prof. V.S. Prasad, Prof. G. Haragopal, Prof. K. Seetharama Rao, Mrs. Vasanthalexmi took part in the programme.

Arora, Consultant, Centre for Good Governance, HCM Rajasthan State Institute of Public Administration, Jaipur delivered the lecture on "Positive Governance: The Road Ahead." Positive governance is to resurrect the idealism of our founding fathers and recreate a paradigm characterized by performance, probity, passion for quality and compassion for the poor, he said. Reforms

Prof. P.A. James Endowment Lecture

are needed in all segments of the governance system, he pointed out. We have a great legacy of positive governance since Emperor Ashoka and Koutilya, he said, and positive governance today assumes positive, healthy and mutually respectful relations between the ruling and the opposition parties aimed at the happiness of the people. Per capita happiness rather than per capita income should be the objective of the governance. Maintaining quality, security, proactive attitude, prompt action, pro-poor and weaker sections policies, developing work culture, promoting national integration and communal harmony are essentials of positive governance and everyman should be part of the team in attaining it, Prof. Ramesh Arora said.

Orientation Programme for Freshers

Kakatiya University College of Engineering and Technology organized a one day orientation programme for the newly admitted B.Tech. 1 year students and their parents on September 26, 2012. Addressing the students University

Vice-Chancellor advised them to put their heart and soul in studies and do hard work to realise their goal in life. All the necessary facilities are being provided in the college and he advised them to use them to the optimum extent. The College has succeeded in inviting multinational companies arranging campus interviews, he said. Participating in the orientation programme, Warangal Rural SP, Rajesh Kumar noted that the four years' period of pursuing B. Tech. is very crucial in students' life. It would decide what they would be in future. Apart from studies, they would formulate personal, professional, political, social attitudes during this age. Registrar Prof. K. Sayulu told the students to emulate Infosys Narayana Murthy and Sam Pitroda to be successful in life. Honesty and hard work are the two key points for success, he said. Retired Professor V.V.S.Sastry advised the students to nurture the qualities of interest, patience, concentration, meditation, and discipline in the work they do.

P.V. Narasimha Rao Endowment Lecture

Padmashri D.R. Karthikeyan, former CBI Director and Director General, NHRC delivered the second Endowment Lecture in memory of late P.V. Narasimha Rao, former Prime Minister of India on Wednesday, 5th December, 2012 at Kakatiya University Senate Hall. Delivering lecture on "Terrorism and Human Rights" he said that human rights are relevant to terrorism as it concerns both its victims and its perpetrators. The innocent victims of terrorism suffer an attack on their most basic right to life and to live in peace and security, Kaarthikeyan said. The perpetrators as members of human family have the right not to be subjected to torture or other degrading treatment, the right to be presumed innocent until they are deemed guilty of the crime. There is a need to punish terrorists and extremists, but at the same time sincere attempts should be made to find out the root of the problem. In recent years, the measures adopted by states to counter terrorism have often posed serious challenges to human rights and the rule of law, he opined.

There is now a growing realization to combat terrorism at a global level. It is fuelled by internal participation and external back-ups. If there is to be justice and peace on the earth, it must begin with each one of us personally, Kaarthikeyan said. Presiding over the programme University Vice-Chancellor said that our acts should reflect human welfare and uphold human rights.

BC Welfare Legislature Committee visits KU

The State BC Welfare Legislature Committee visited the Kakatiya University on September 3, 2012. Sri G. Thippe Swamy, Chairman and MLC interacted with the Vice-Chancellor Prof. B.
