MESSAGE

One of the missions of an Educational Institution is to prepare and encourage youth to be an active and engaged citizen. Voting is an important part of this. By coming out to vote, students will not only learn to engage actively with the democratic process in India, but will also become more informed about the contemporary debates and concerns in our society. To make democracy work, we must be a nation of participants, not simply observers. One who does not vote has no right to complain.

Young people need to vote. Every vote counts. Educate yourself too. Don't just vote. Know what you're voting for, and stand by that. The vote is the most powerful nonviolent tool we have.

Hence, I personally appeal each and every student and employee in the capacity as Vice-Chancellor of Kakatiya University to come out and vote on 7th December, 2018.

Date: 04.12.2018
