KAKATIYA UNIVERSITY

VIDYARANYAPURI, WARANGAL-506 009 AP INDIA

(Accredited with 'A' Grade by NAAC)

www.kakatiya.ac.in ☎ 0870-2439751, Fax : 2438800

A B O U T W A R A N G A L

The Kakatiya University is located in the historical town of Warangal in northern Telengana of Andhra Pradesh. Warangal enjoys the unique distinction of being the capital of great family of rulers, known as the Kakatiyas, who established their sovereignty over vast areas of the Telugu speaking country between 1150 AD and 1323 AD. The benevolent Kakatiya rulers bestowed political stability, economic prosperity, linguistic and cultural unity, artistic splendour and literary efflorescence to the kingdom they built. The distinct term "Kakatiya" strikes an emotional chord in the hearts of the Telugu people.

The artistic beauty of the temples with excellent sculpture of unique style, wild life sanctuaries, and the tanks glittering with ripples on the abode of nature's beauty provide fabulous fete to the tourists. The amazing Thousand Pillar Temple, the Bhadrakali and the Padmakshi temples, the Warangal Fort, the dense forests of Eturunagaram and Pakal, the large lakes and other destinations are the potential tourist spots of the tricity. Warangal / Kazipet is well connected by rail with all cities in the country. The nearest airport is Rajiv Gandhi International Airport at Shamshabad, Hyderabad, which is 150 kms away from Warangal.

The city has great intellectual legacy. Bammara Pothana, Palkurki Somanatha, Sivadevayya, Andhra Bhoja, Iswara Bhatta, Nrisimhakavi, Agasthya, Madhava Vidyaranya, Gangadevi and others adorned the Kakatiya period and some of them formed the brain behind the foundation of the Vijayanagara empire. In modern times, 'Prajakavi' Padmabhushan Kaloji is remembered with respect.

The Warangal Fort

It is one of the most famous Medieval Forts of Deccan. It was extended and improved during the reign of Ganapati Deva and Queen Rudramamba (1262-89 AD). The circular stone fortification was surrounded by an outer mud fort with four main gates. A moat had also been dug all around the Fort to render the city impregnable. Swayambhu Temple dedicated to Lord Shiva occupies the central part and it was marked by four ornate toranas renowned as the "Hamsatoranas" comparable to Sanchi Stupas. The ruins strewn all over, however, bear eloquent testimony to their original beauty and sculptural grandeur.

The Thousand-Pillar Temple

The Thousand-Pillar Temple, built by Rudra Deva is the most important monument in Hanamkonda. Perched elegantly in the heart of the city, this temple is dedicated to Rudra, Vishnu and Surya. This temple was constructed by Rudra Mahadeva of the Kakatiya Dynasty in 1163 A.D. The highly ornate workmanship on the doorways of the garbhagruha, the artistry on the massive pillars and on the ceiling charm the devout and the tourist alike. The celebrated Nandi, a massive monolithic masterpiece of granite, is the main attraction here.

The Bhadrakali Temple

Situated atop a hillock between Hanamkonda and Warangal, it is famous for the stone image of Goddess Bhadrakali. Eight-armed, with a weapon in each hand, she is shown in an eye-catching posture, bestowing her benevolent blessings on all the devotees. Built in the days of the Chalukyas, the temple is situated on the bund of a big Bhadri tank, panoramic amidst the bare boulders atop the hill and the silent waters below.

The Ramappa Temple

The great temple of Palampet dedicated to Rudreswara in 1223 AD is said to be a happy synthesis of the best in Western Chalukyan, North Indian Hoysala and Dravidian styles of architecture. The famous Nagini is one of the twelve figures brackets with their haunting melodies. The Nandi mounted on a raised pedestal in the mantapa is unique in its exquisite polish that feels like velvet. The gopura of this temple is built with unique bricks which float on water. Ramappa Lake, just one km away from the temple, is an ideal place for picnics and photography.

The Laknavaram Lake

One need no longer travel all the way to Rishikesh for the Lakshman Jhoola experience or Golden Bridge in San Francisco, USA. Our very own Laknavaram in Warangal now has a spring suspension bridge where one can live the experience! The 160-metre-long suspension bridge is the first ever suspension bridge to be built in the state. Built on the hill-hemmed and scenic Laknavaram lake, 70 kms from Warangal city, the bridge connects two of the seven tiny lake islands. This is the only second suspension bridge in South India.

VICE-CHANCELLOR SPEAKS...

Greetings.

Higher education aims at shaping careers as well as minds. Right kind of ambience is needed for that to happen: courses, quality, expertise and facilities. Frontline universities the world over could boast of these and sustain them over a period of time. Years of dedicated work and concerted efforts are needed to make a beginning in that direction. Our university getting accredited with "A" Grade by the NAAC in 2009 shows that we have made a beginning. To further strengthen the system and improve academics with innovative courses and programmes we must sustain the tempo with collective efforts. I appeal to all the stakeholders in the university to work with more dedication keeping the Re-accreditation by the NAAC in near future. Besides, the 12th Plan period envisions many need-based courses, colleges with focus on thrust areas. We have already taken a headstart in that direction. From the academic year 2012-13, we have introduced new job-oriented courses, M. Sc (Psychology) and Master of Communication and Journalism in the regular mode. We are also planning to introduce M.P.Ed. course from the next academic year. Many more courses have been started in the distance mode. We have started PG College for Women at Subedari with six departments from this academic year. We have plans to start new PG Colleges at Janagaon, Bhupalpally, Mahabubabad and Bhadrachalam. The physical facilities, especially hostel facilities for the students will receive a big boost during this Plan period.

In the wake of globalization and privatization, new challenges crop up and we must gear up to overcome such challenges while maintaining the tempo of progress. A number of developmental activities took place as could be seen from the reportage in this Informa. I seek the co-operation of all the teaching, non-teaching staff, students and research scholars, and other stakeholders in taking the University to greater heights.

Prof. R. Sayanna
Vice-Chancellor

REGISTRAR SPEAKS...

Warm Greetings.

The present INFORMA highlights some of the achievements of the University and three prime activities of CFRAC — augmenting university resources through foreign admissions and donations, entering into MoUs for research and industry linkage and extending teaching and other consultancy services on-campus and off-campus. In the years to come, universities will have to look up to voluntary donations to augment their resources and strengthen infrastructure facilities. An impressive Auditorium and Pharmacy Alumni building have come up with donations from NRIs and funds from the UGC.

A ten-crore worth Women's Hostel is coming up on the campus. We have plans for International Scholars Hostel and Common Convenience Centre in the Auditorium.

Our focus has been on academic excellence with better facilities. We have to go for some more MoUs with foreign universities, have more industry-university linkages, and sustain multi-disciplinary collaborative research of national and international standard in emerging areas.

Deriving inspiration from the elevated status of the university, let us all re-dedicate ourselves to academic excellence and march together for a bright tomorrow.

Prof. K. Purushotham
Registrar

ABOUT THE UNIVERSITY

Vision and Mission

- To be the leading centre of higher education.
- To excel in teaching and research through creativity and productivity.
- To inculcate competitive spirit among students with a global vision.
- To strive constantly to achieve high standards in teaching and research.
- To carve out a niche for the University imparting higher quality teaching with a holistic approach.
- To encourage interdisciplinary teaching and research.

- To conduct collaborative academic and research programmes.
- To design, publish and disseminate relevant literature to strengthen higher education, social and cultural integration.

Kakatiya University is located in the historical City of Warangal. The University has been named after the great Kakatiya Dynasty which ruled this region with Warangal as capital during the twelfth and thirteenth centuries. The term "Kakatiya" strikes an emotional chord in the hearts of the Telugu people. The artistic beauty of the temples with excellent sculpture of unique style, wild life sanctuaries and the tanks with sparkling waters reflect nature's beauty and provide fabulous fete to the tourists.

The University is committed to meet the augmented demand in the expansion of specialized courses from time to time, and is striving hard to provide appreciable scholastic activities to the increased number of students. Since its establishment in 1976 several steps were taken for the overall development of the infrastructure facilities in order to cater to the requirements of both faculty, staff, students and research scholars. The vast area of 650 acres of land is being used effectively and efficiently for the developmental activities from the available sources and funds from the UGC, State Government and other sources. The various departments on the campus are well accommodated in different buildings of their own with lawns. They have well-ventilated classrooms with audio-video facilities, seminar halls, computer labs, and faculty rooms. The laboratories in the science departments are equipped with the ultra modern scientific instruments to accelerate effective research. The university promotes individual and collective research by the faculty and the scholars. The students of the University have the distinction of becoming active part of the HR of the corporate world.

The faculties of all the departments, with 223 teaching staff, 477 non-teaching staff excluding 515 superannuated and 300 time-scaled staff, are committed to and well versed in their respective subjects and responsibilities. The teachers have excelled in imparting quality education and also represented their respective departments in many National and International Seminars and brought laurels to the University for their excellent research.

Giving utmost priority to the students, the University has been relentlessly striving to provide modern facilities. They include internet facility through campus LAN, sixteen

hours of library facilities, sports and games complexes, round the clock health care, placement counselling besides comfortable hostel facilities. Remedial courses and coaching programmes to the needy are also organized through Centre for English Language Training (CELT), Kakatiya Adhyayana Kendram, NET Coaching Centre and Minorities Coaching Centre. Apart from the above, the Centre for Women's Studies Dr. Ambedkar Studies Centre and the Yoga Centre are running in the University with the financial assistance provided by the UGC.

The University is offering about 120 programs at Undergraduate and Postgraduate level in the Faculties of Arts, Science, Commerce and Business Management, Social Sciences, Education, Engineering and Pharmaceutical Sciences. The University has its Post-graduate Colleges at Nirmal, Subedari (Hanamkonda), Khammam and Kothagudem in addition to the main campus at Vidyanayapuri. It has 470 under-graduate and post-graduate colleges (325 govt. aided, private unaided degree colleges, 48 colleges of teacher education, 39 pharmacy colleges, 4 law colleges, 6 engineering colleges, 13 university PG colleges, 30 colleges offering MBA, and 28 colleges offering

MCA) under its jurisdiction area of three districts. It has introduced vocational courses such as Industrial Chemistry, Agricultural Botany and Fishery Biology at the under-graduate level. M.L.I.Sc and MCJ, Diploma in Mimicry, Certificate Course in Communication Skills in English, M.Sc. (Environmental Science) and M.Sc.(Psychology) have been introduced recently at the post-graduate level.

The university has been re-accredited with A grade by the NAAC. The departments of Botany, Chemistry, Pharmacy and Geology are identified by the Department of Science & Technology for funding under its FIST programme. The UGC is supporting 15 departments (Botany, Chemistry, Pharmaceutical Sciences, Economics, English, Telugu, Public Administration, Geology, Mathematics, History, Bio-technology, Commerce, Chemistry, Physics, Zoology) under its SAP and DRS programmes.

About 175 research scholars have registered for Ph.D. programmes in different faculties. The institutions like UGC, DST, DBT, CSIR, ICSSR, ICHR, DRDO, AICTE, ICMR, German Academic Exchange Service (DAAD), Volks Wagen Foundation, Germany are the sponsoring agencies of the research and academic programmes of the University departments. The University has over the years procured state of the art research equipment and made it available at Central Instrumentation Centre.

Apart from these there are about 60 Projects Fellows/Associates working under the Major Research Schemes sanctioned by different funding agencies to the teachers of University departments.

SPECTRUM OF ACTIVITIES

The University is sincerely attempting to emerge as one of the premier academic institutions in the country. On academic front, the impression of all academicians and intellectuals who visited our University on different assignments has been excellent and the number and quality of the seminars, symposia, workshops and refresher courses conducted by all the departments vouchsafe the same. Plans to strengthen our academic programs, teaching learning process, attendance in the class rooms, facilities in the laboratories are in full swing.

The academic soundness of an educational institution is reflected by a well-equipped library. It has a rich collection of 1,50,000 titles in addition to 25,000 back volumes of research journals. We have been over the years strengthening the library by purchasing textbooks, reference books and subscribing national and international journals in all disciplines. In 2004, we made e-journals available to our students, scholars and teachers. In 2005, we developed campus networking spread over 2.5 kilometer radius. Realising the importance and impact of IT in higher education, all the university, constituent colleges, departments were brought under Campus Network providing round the clock INTERNET facility. With this, now, the researchers have the facility to access about 4,000 research journals through INFLIBNET and UGC INFONET programmes.

The Music Club, Science Club, Forum for Social Studies, Industry-Institution Interaction Cell, Tribal Museum, Yoga Centre, etc., have paved way for the all-round development of the students. Very strong alumni associations have also been established for two constituent colleges with foreign branches.

The Centre for Women's Studies is involved in projects studying the issues related to the women, while Dr. B.R. Ambedkar Studies Centre has taken up the task of spreading the ideology of Dr.B.R.Ambedkar in rural areas.

The university has held its flag high in the domain of Sports and Games at national level competitions. Our students have displayed brilliant performance and won All India Inter-University Gymnastic Championship consecutively for three years, achieving a hat-trick. Our students have fared very well and bagged 11 gold medals, 5 silver and 7 bronze medals. The University hosted the Inter-University National Youth Festival sponsored by the Association of Indian Universities successfully in February 2003.

The NSS Unit of Kakatiya University spread its tentacles of social service in its jurisdiction. More than 33,000 students pursuing their studies in various educational institutions have enrolled themselves as volunteers in NSS. The awareness programmes organized by the NSS volunteers has brought awareness about the Environment, Sanitation, Afforestation, General and Community Health among the rural folk of Northern Telangana districts.

University Health Centre

Since its inception in 1976, the Health Centre has been catering to the needs of students, staff and their families. The services include 24 Hours Ambulance Services, ECG Facility, Oxygen Facility, Electric Cauchy, Suction Apparatus, Auto Analyser with Elisa Reader, facilities for giving I.V. Fluids, Pathological Investigations and a Day Care Centre. The Health Centre-2, located at University Arts & Science College, is extending its services to the staff and students of colleges situated on the second Campus at Subedari, Hanamakonda.

Students Welfare Centre and Placement Cell

The Directorate of Students Welfare Centre (SWC) undertakes student welfare activities aimed at developing overall personality of students. It has trained some of our students to bag state and national awards.

The Placement Cell helps students in procuring several jobs in leading companies and organisations. It organizes industrial visits and campus interviews inviting well-known institutions of Insurance, IT, Banking, Communications, Women Service Societies, NGOs, Pharmaceutical Industry, Public sectors in Mining and Engineering, etc. The main motto of the center is **Motivate, Assist and Settle (MAS)**. It seeks to motivate, guide and train all the students of the University in selecting the right career. It converts **Learning** of the students into **Winning**. The Directorate brings out a newsletter entitled 'MAS'.

School of Distance Learning and Continuing Education (SDLCE)

The SDLCE has a number of notable landmarks in its twentieth year of serving students in the field of higher education. It has witnessed a two-fold increasing in the number of students enrolled reaching its figure to cross over 50000 making it perhaps a highly valued institution. It offers over 62 programmes with over 680 courses from Certificate level to highest research degree Ph.D. It offers M.Sc. (CS) 2 years course, Diploma in Drawing, ADCA (6 months), Certificate Courses (3 months) in Drawing, Beautician, Mastering Web Design, .Net Programming, OOP Programming, DTP, Tally were introduced from 2013 onwards. It has four regional centres and above 150 study centres spread over in its region and to offer various student support services at their doorsteps. The University offers 62 Programs with over 680 courses under Distance Mode through School for Distance Learning and Continuing Education (SDLCE) at four regional centres and above 150 study centres. For further details: www.sdlceku.co.in

The School has evolved a number of creative activities that prompted others in the field either to adopt the same for themselves or to appreciate it as a model for development in its future course of action. They include collaborative research with like-minded organisations such as Indian Distance Education Association, Open Learning Society and Apex bodies like Distance Education Council, New Delhi and Commonwealth of Learning, Canada, and Athabasca University, Canada.

The SDLCE has been recognized as a Nodal Agency for undertaking Training and Research in the field of Distance Education. This is first of its kind in the country to be established in a conventional university with full financial assistance from the Distance Education Council, New Delhi. For this purpose it has created specialised institution known as Distance Education Quality Support and Training Institute (DEQSTI) and under its auspices it has organized several programmes.

The SDLCE is the second institute in the country to publish a Research Journal entitled *Kakatiya Journal of Distance Education* regularly since 1995. It is first of its kind in a country, established in Distance Education Institution attached to a conventional university fully funded by Distance Education Council, New Delhi. It has a specially designed modern studio with all latest facilities.

CENTERS OF EXTENSION ACTIVITIES

Centre for Biopharmaceutics & Pharmacokinetics

The Centre of UPCS conducts various drug interaction studies of various categories of drugs in human volunteers and experimental animals for establishing the possible mechanism and safety of these agents. Pharmacokinetic drug interaction studies are performed between Tolbutamide and Diltiazem in human volunteers; Time dependent effect of Diltiazem on the Pharmacokinetics of Theophylline; Pharmacokinetic interaction between Clarithromycin and Diltiazem in humans; Pharmacokinetic interaction between Celecoxib and Rifampicin in Humans; Pharmacokinetic interaction between Metformin and Cephalexin in Humans; Pharmacokinetic interaction between Tolbutamide and Clarithromycin in Humans.

Centre for English Language Training (CELT)

Keeping in view of the need for better communication skills, the Centre for English Language Training (CELT) has been established with an objective to impart training in Spoken English and communication skills to the students of the University as well as the general public with a state-of-the-art Digital Language Laboratory. The CELT offers programmes like "Spoken English" for beginners, "Corporate Communication and Soft Skills" for professionals, "Orientation Course in Teaching Communication Skills" for teachers, "Grammar and Pronunciation" for the school students, and need based courses for the research scholars.

Department of English (DE) /
Centre for English Language Training (CELT)/
Centre for Foreign Relations, Research and Consultancy (CFRAC)

Dr. T. Christopher Reuben
Director
cfrac@kakatiya.ac.in

CENTRE FOR FOREIGN RELATIONS, RESEARCH AND CONSULTANCY (CFRAC)

The Centre works with a **vision:** Globalization by thinking locally and acting globally with the motto 'EXPAND YOUR HORIZONS'.

The Centre aims at augmenting university resources through foreign admissions and donations, entering into MoUs for research and industry linkage and extending teaching and other consultancy services on-campus and off-campus.

The CFRAC has an independent office in the University Auditorium. Currently, it operates from the CELT Building.

Structure and Responsibilities of the First Wing of CFRAC

- single window agency supervising the admission of foreign students,
- provides the international students with information on courses and services offered by the University,
- collects various types of fee from foreign students and thus generates funds for the University,
- organizes orientation programs for foreign students to help their acclimatization and cultural adaptation,
- helps foreign students improve their communicative competence in English by arranging bridge courses

Activities of the Second Wing of CFRAC

- The CFRAC has concluded a Memorandum of Understanding (MoU) with Eritrea Institute of Technology, Asmara, Eritrea for the exchange of students and teachers between the two institutions.
- In the past the CFRAC helped the University in concluding an MoU with the Central Michigan University, USA

WHY STUDY AND RESEARCH AT KAKATIYA UNIVERSITY?

- ◆ Kakatiya University was accredited with 'A' Grade by the NAAC. It is an affiliating university with 28 Departments on a sprawling campus of 651 acres besides four satellite campuses at Subedari, Nirmal, Khammam and Kothagudem on another 500 acres. It has 244 Undergraduate and 61 Post-graduate Colleges.
- ◆ The University has 120 Academic Programs at UG and PG level. It introduced vocational courses such as Industrial Chemistry, Agricultural Botany and Fishery Biology and engineering courses like ECE, EEE, Mechanical, Computer Science Engineering, IT, Mining Engineering, at the UG level.
- ◆ The University offers 62 Programs with over 680 courses under Distance Mode through School for Distance Learning and Continuing Education (SDLCE) at four regional centres and above 150 study centres. For further details: www.sdlceku.co.in
- ◆ The university has access to about 4,000 e-journals besides 165 national and 76 international journals subscribed. In the last 5 years, 306 M. Phil degrees and 530 Ph.D degrees were awarded in different faculties. 96 M. Phil and 1200 Ph.D scholars are currently on rolls. 105 books and 1450 research articles were published by the faculty.
- ◆ As many as 15 Departments have SAP and DRS programs. The University has highest number of Major Research Projects 30 by UGC.
- ◆ Various agencies like UGC, DST, DBT, CSIR, ICHR, DRDO, AICTE, ICMR, German Academic Exchange Service (DAAD), Volks Wagon Foundation, Germany, etc., are sponsoring 245 research and academic programs. The University has procured state of the art research equipment and made it available at Central Instrumentation Centre (CIC).
- ◆ The University entered into a Memorandum of Understanding (MoU) with (1) The Department of Plant Molecular Biology, Groningen University, The Netherlands and the Department of Biotechnology, KU; (2) The Botanical Institute Ludwig-Maximilians University, Munich, Germany and the Department of Botany and Biotechnology, KU; (3) The Murdoch University, Perth, WA and the Department of Biotechnology, KU; (4) The National Center for Genetic Resources & Biotechnology, Brasilia, Brazil and the Department of Biotechnology, KU; (5) Eritrea Institute of Technology, Asmara; (6) The Central Michigan University, USA; (7) The European Union under ERASMUS Project; (8) Doctus, Hyderabad; (9) WSU, MSU and ISU, USA in Bio-technology; (10) Girne American University, Cyprus, UK; (11) NTH Co. Ltd., Japan; (12) NSL Mining Consolidated Ltd, Australia and (13) MDI, Gurgaon for the exchange of students and teachers between the institutions.
- ◆ The University has collaborative research with (14) the University of Bonn, Germany; (15) University of Reading, UK; (16) CENARGEN, Brazil; (17) LMU, Munich; (18) Verona University, Italy; (19) CASD, China; (20) Perth Western University, Australia; (21) Mississippi State University, USA; (22) Groningen University, the Netherlands; (23) IBS, Shanghai; (24) BRC, Hungary; (25) Reddy Labs, Hyderabad; (26) IIT, Kharagpur; (27) University of Hyderabad; (28) Global Consultant (29) Swedish Research Council; (30) Innovo Biological Pvt. Ltd, Hyderabad; (31) SDLCE with COL, DEC, IGNOU, YCM Open University, IDEA and OLS.
- ◆ The faculties of all the departments, with 223 permanent teaching staff, 82 academic consultants, 477 non-teaching staff excluding 515 superannuated and 300 time-scaled staff, are committed to and well-versed in their respective subjects and responsibilities. The teachers have excelled in imparting quality education and also represented their respective departments in several national and international seminars and brought laurels to the university for their excellent research. For further information: www.kakatiya.ac.in
- ◆ KU occupies 58th position among 503 universities of India. It is the first in AP to become a European Union Partner for Exchange of Scholars on ERASMUS Project. Free scholarships every year for two-way mobility. NAMASTE Project for junior faculty staff, UGs, PGs, Ph.D. and Post-Doc researchers for 48 months in the field of environmental and water resource management, energy, agricultural development, food safety and processing, health, business management, science and technology and innovation in Germany, Belgium, The Netherlands, the UK, Portugal, Spain, Sweden, Poland, the Czech Republic and India.

A NOTE

The CFRAC has so far attended to 155 admissions and enquires from 17 countries such as Bangladesh, Germany, Korea, Nigeria, Oman, Italy, Iran, Iraq, Libya, Palestine, Portugal, Saudi Arabia, Sri Lanka, Sudan, Tanzania, Uganda and the USA. It has formulated the consultancy rules of the university and got them approved.

KU became a partner institution in ERAMUS Project for two-way mobility between KU and EU. KU is the only university in AP and the second one in the south to have this rare privilege. Under the scheme, Carmine from Italy has done his M. Tech. project work at KITS. Several scholars from KU at UG, PG, Doctoral, Post-doctoral level, and the staff can be sponsored and exchanged to Europe every year under ERAMUS Project and EU grants the scholarship. The project implementation was evaluated by Dr Sevilla Leowinata on October 22, 2010 (see the above photo) and it was

monitored by Bianca Buttiglione and Silvia Carosso during July 6 - 9, 2011 at Kakatiya University. (see the side photo) One from Germany and another from Portugal applied for admissions at KU in March 2013 under ERAMUS Project. EU launched NAMASTE Project in 2013.

Two from Uganda, four from Iran have joined SDLCE courses. Two Bangladesh students joined Vidya Jyothi College. Three Iranians, M.Sc. (Bio-technology) at UC, KU, eight Iranians B.A. and B.Com. two from Uganda joined B. Pharmacy at UCPS, KU. Two Iranians have applied for LL.M. and Ph.D. at University Law College, seventeen Iranians have applied for Ph.D. in Commerce and Business Management, sixteen in English, three in Physics, two in Mathematics, Political Science, Education and Bio-technology, one

each in Chemistry, Sociology, Computer Science, Law, one Iranian for History & Tourism Management, two for B. Tech. (CSE and CEE) and eleven for Spoken English course at CELT, KU.

ADVISORY BOARD

An Advisory Board with the following members assists the CFRAC:

*Advisory Board Meeting
in progress in August 2012*

EU Delegation Visits KU

A two-member delegation of the EU monitoring the Erasmus Mundus project, led by Ms Signora Bianca Buttiglione and Ms Signora Silvia Carosso of Italy arrived at KU on July 7, 2011 to take stock of the implementation of the Erasmus Mundus project at KU and to make a presentation of the study opportunities in Europe's Erasmus Mundus partner institutions. KU is one of the very few partner institutions of the Erasmus Mundus project outside Europe. This project facilitates two-way mobility of undergraduate, post-graduate students,

doctoral and postdoctoral scholars and teachers to study and work between KU and the European Union. The students, scholars and teachers will be sponsored by the European Union. In the interactive session with visiting delegates on June 8, 2011, the Vice-Chancellor Prof. B. Venkat Rathnam exhorted the students, research scholars and teachers to avail the study, research and teaching opportunities accessible across the globe. The University was also exploring the

Vice-Chancellor's Foreign Visits to Jamaica and Australia in November 2012

Central Michigan University Delegation Visits KU

A team comprising Monica Holmes, Associate Dean and Director of MBA Programme and Judy Prince, Director of Graduate Admissions, Central Michigan University, USA, visited Kakatiya University for exploring the courses with which to collaborate as part of the MoU between the two Universities. They arrived on April 26, 2008 along with Mr. A.L.N. Prasad, Coordinator, CMU Information Centre and visited the Department of Commerce & Business Management, Department of Chemistry and the School of Distance Learning & Continuing Education and interacted with the faculty regarding the modalities of organizing MoU programmes. After detailed discussions the team arrived at the conclusion that MBA programme can be started under collaborative programme wherein the students admitted at Kakatiya University will undergo the first year MBA at KU and then sent to CMU for the second year to be awarded CMU MBA Degree subject to the condition that they will pay concessional fee compared to other international students. They get to complete the two years MBA of CMU within one year which will mean considerable savings in terms tuition as well as living expenses in USA. Apart from this there will be faculty exchange between KU and CMU as well as joint workshops, symposia and faculty seminars. The MoU to this effect was signed by the Vice-Chancellor, Prof. N. Linga Murthy, and this programme will be introduced soon. This programme will benefit the students of this region with international transfers as well as global exposure.

DAAD Director Visits KU

Dr. Ulrich Podewils, Director, German Academic Exchange Service (DAAD), New Delhi Centre, visited Kakatiya University on July 23, 2007. He handed over research equipment worth \$ 22,000 for use of in the laboratory of the University College of Pharmaceutical Sciences. Later, he participated in an interactive programme on "Academic and Research Opportunities in Germany" with faculty, research scholars and students. Dr. Podewils said that a variety of programmes are being offered by the DAAD for different sections of the research community. He exhorted the researchers to avail themselves of the DAAD fellowships to pursue research in Germany. Presiding over the interactive programme the Vice-Chancellor Prof. V. Gopal Reddy said that the university is trying to tie up with foreign universities and entering into MoUs with them in order to conduct courses jointly.

Eritrean Delegation Visits KU

A two-member delegation from the Eritrea Institute of Technology under the leadership of Prof. Ghobrebrhau, Academic Vice-President and Prof. Gabriel, Dean of Social Sciences visited Kakatiya University on December 20, 2007. The main purpose of the visit was to explore the possibility of offering Master's and Post-doctoral programmes to the Eritrean students at Kakatiya University. The team visited the departments of Bio-technology, Informatics, Pharmacy and Physics to study the infrastructure and research facilities available at these departments. In

an interactive session at the Senate Hall, the team had exchanged views with the Deans, Heads and Chairpersons of different departments/faculties. The Vice-Chancellor Prof. N. Linga Murthy said on the occasion that it was time to showcase the achievements of the university to the world outside. Plans to enter into MoU with some foreign universities for faculty exchange as well as to offer courses are in the pipeline, he said. Prof. Ghobrebrhau responded by saying that entering into academic collaboration with the University would be highly beneficial for the Eritrean students.

Visit of Sweden Scientists

Dr. Olov Sterner and Dr. Lars Bjoerk, of Sweden visited the University College of Pharmaceutical Sciences from April 4-7, 2007 to finalise the research programme on "Chemical and Biological Investigation of the secondary metabolites of *Caralluma* species, Asclepiadaceae" jointly undertaken with Prof. A.V.N. Appa Rao. Swedish Research Council is funding this project. They also delivered lectures on "Synthesis and Evaluation of Flavonoidal Derivates" for the benefit of the students.

VICE-CHANCELLOR'S VISIT TO USA

Prof. B.Venkat Rathnam, Vice-Chancellor, Kakatiya University was on a visit to the USA from June 23 to July 10, 2012 to participate in international seminars. On invitation, he attended the Annual Conference of the Society for Human Resource Management, Atlanta USA from June 24-27, 2012 and also NATA (North America Telugu Association) Conference from June 29 to July 1, 2012. He presented a paper on "Enhancement of Employability Skills in a Rural University" at NATA Conference. He addressed and interacted with the KU Alumni of the USA. He also held discussions with Clear Lake University, Houston, Texas for MoU with KU.

INTERNATIONAL COLLABORATIONS / MoUs

International Collaboration between Department of Plant Molecular Biology, Groningen University, The Netherlands and Department of Biotechnology, Kakatiya University, Warangal

AGREEMENT

It is agreed to exchange the Faculty and Research Scholars from Department of Biotechnology, Kakatiya University, Warangal, A.P. India and Department of Plant Molecular Biology, Groningen University represented by Prof. N. Rama Swamy, Department of Biotechnology and Prof. Jacques Hille, Groningen University, The Netherlands

MoU with Eritrea Institute of Technology

Kakatiya University entered into an MoU with Eritrea Institute of Technology, Asmara, Eritrea. The MoU facilitates the teaching of the University to travel to Eritrea and work at EIT for periods ranging from two to six months. It also helps the Eritrean students to study at the Kakatiya University.

MoU with HRD Global Consultant

The Department of Public Administration and Human Resource Management entered into an MoU with HRD Global Consultants, Hyderabad with the main objectives to train, facilitate, assess Management student in practical HR skills, to develop industry-institute interface and employability, to conduct summer-winter internship for skills in Practice (SIP) and to enhance latest know-how. The Head of the Department and Managing Director of HRD Global Consultants have signed the MoU on March 25, 2009

MoU with Innovo Biological Pvt Ltd

The Department of Biotechnology, Kakatiya University entered into MoU with Innovo Biologicals Private Limited, Hyderabad on 19th February, 2009 for taking up joint research projects. Innovo Biologicals would offer its technical know-how, bioinformatics facilities, wet-lab work such as DNA based technologies, Cell Biology etc. Under this, joint projects can be submitted and output (commercialization) from the projects would be paid to the University. Prof. N.Rama Swamy, Head, Department of Biotechnology and Dr. Vangal Rajanikanth, Managing Director, Innovo Biologicals signed the MoU in the presence of the Vice-Chancellor Prof. N.Linga Murthy.

MoU with Central Michigan University, USA

A Memorandum of Understanding (MoU) was signed between Kakatiya University and Central Michigan University (CMU) USA to extend mutual cooperation in academics and research on March 3, 2006. The MoU would help to improve the quality of syllabi of various courses such as MBA, Mathematics, Life Sciences, Chemistry, Education, Computers and Information Technology apart from imparting quality education to the KU students by CMU at a nominal tuition fee.

Vice-Chancellor Prof. V. Gopal Reddy and Registrar Prof. S.Jagannatha Swamy with CMU team Mrs. Monica Rao, Liaison Outreach, Deans Dr. Karen I.Adams and Dr. Marvis J. Lary

MoUs with WSU, MSU, and ISU in USA

KU has established collaborations with WSU, MSU, and ISU in USA for Bio-technology based on the research work done by the Department. Wyne State University, Mississippi State University and a team of scientists from Iowa State University are interested in collaborative research, exchange of ideas and visits between them and KU. They give importance to Nanobioscience and Nanobiotechnology initiatives, which help KU to work together and visit other Universities on regular basis

MoU with DOCTUS

Kakatiya University has entered into MoU with the Hyderabad based DOCTUS for offering PG Diploma in Medical Transcription. DOCTUS will provide teaching and training to the students and also arrange for their placement after the completion of the one-year – two-semester diploma course. AP State Council of Higher Education (APSCHE) is offering this course at various universities in collaboration with DOCTUS. The Registrar Prof. N. Satyanarayana, State Council of Higher Education Secretary Dr. M.D. Christopher and DOCTUS representative Dr. Sucharitha Reddy signed the papers on September 2, 2008 in the presence of the Vice-Chancellor Prof. N. Linga Murthy. Prof. Murthy hailed the MoU as it enhances job prospects of the students.

MoU with MDI (Management Development Institute) Gurgaon

MoU with NSL Consolidated Ltd., Australia

The Kakatiya University and NSL Mining Resources India Pvt. Ltd, a subsidiary of NSL Consolidated Ltd., Australia, agreed to work together to find areas of common need that will benefit both the parties, and advance the professional development of Geologists and Mining professionals within Andhra Pradesh on April 25, 2013. Specifically the parties will focus on the following key areas for mutual benefit:

1. NSL will work with the university to develop and present students and faculty with technical training programs promoting global best practices in exploration and mining geology.
2. NSL will support visits to mine sites and beneficiation plants within Andhra Pradesh for the students.
3. NSL will work towards supporting a scholarships program for students.
4. NSL and the University will examine opportunities for joint research and consultancy projects to the Dept. of Geology that will support NSL's business development activities within Andhra Pradesh.
5. NSL will work with the University to develop a long term employment strategy to support M. Sc. Geology passed students.

Prof.B.Venkat Rallinam, Honbl'e VC, Prof.K.Sayulu, Registrar, Dr.R.Mallikarjuna Reddy, Prof. K.Niranjan Kumar and NSL Representative Mr. Sean Freeman.

MoU with the Girne American University, Cyprus, UK

A team headed by Ms Elvira Sabirova of The Girne American University, Cyprus, and Mr Mustafa Riza, Admissions Department, The Girne American University, Canterbury, UK, visited the KU campus on May 5, 2011 to explore the possibilities of student and faculty exchange and collaborative research in humanities, management and engineering. The team was coordinated by Mr A. Subhaskar Reddy, Executive Director, College of Advanced Technology Studies (IBS), Bangalore.

The team interacted with the Incharge VC, Prof V Gopal Reddy, Incharge Registrar, Prof S. Ram Reddy, Director, CFRAC, Prof G. Damodar, Dean, CDC, Prof S. Jagannatha Swamy, Principal, University Engineering College, Prof K. Kishan Rao, Dean, Faculty of Arts, Prof M. Rajeshwar, History and TM Head, Prof A. Bobbili, Economics Head, Prof G. Bhaskar, Commerce and BM Head, Prof N. Hanumanth Rao and others in the Committee Hall at 11.30 am. Later the team visited the departments to have a look at the facilities before they entered into an MoU with the university.

Department of History wishes to have MoUs with some companies and organizations. They include Archeology Deptt, Birla Museum, Folk and Tribal Peetham, National Archives, OUCIS, Saljung Museum, South Asian Historical Studies, Edinburgh, Germany, State Archives and Tourism Department. They are expecting some foreign students and researchers from Gulf, African and SAARC countries (Bhutan, Bangladesh, the Maldives, Nepal, Sri Lanka and Pakistan).

ALUMNI of CFRAC

Students from Italy, Iran and other countries obtained their research degrees from KU. Ms Letizia Alterno (Italian) obtained M.Phil in English from KU. She has since completed her Ph.D from the University of Manchester. Awadh Issa did BBM at CDC from Oman during 2008-10. Jesudasan Fernando, Bandara Tennakoon, S Udesh Fernando, Eranda Rodrego did BA at Vidya Jyothi from Srilanka during 2008-2011. Okiror Dick of Uganda completed B. Com. from SDLCE in 2010. Reza, Hossein, Najmeh, Asmae, Mohammad, Ashofteh and Khalili from Iran studied B.A. at Shanthi Degree College during 2011. Mithu Shohag and Gabil from Bangladesh did B.A. at Vidya Jyothi. Under the scheme of ERAMUS Project, Carmine from Italy has done his M. Tech. project work at KITS with Prof Guru Rao.

Chemistry-KU Alumni USA Chapter formed

The USA Chapter of Chemistry-KU Alumni association was formed on May 31, 2008. Dr. V. Ravinder, Professor of Chemistry who was on a visit to Yale University organized an Alumni meet of Chemistry at ChesterField, New Jersey on May 31, 2008. About 40 Alumni association members of 1980-1998 batches who are currently in various professions like Research Scholars, Scientists, Professors, Bio-Chemists, Pharmacists, IT-Professionals, Industrialists etc actively participated in the Alumni Meet. Prof. V. Ravinder, convener of KU-CHEM Alumni association briefed the activities of parent department and Alumni association. Prof. V. Gopal Reddy, former Vice-Chancellor of the University was also present at the meet.

ADMISSION PROCEDURE

The intending foreign student should request for *Informa for Foreign Students* and an Application Form from the Director, CFRAC, Kakatiya University, Vidyananyapuri, Warangal – 506009 AP INDIA.

Enclosures to the Application

The following should be enclosed with the application form:

1. Two certified copies of the marks sheet/memo of the qualifying examination (together with certified translated version if the documents are in a language other than English).
2. Two certified copies of the qualifying examination (together with certified translated version where applicable).
3. A copy of the syllabus/curriculum of the candidates' UG/PG Degree course (together with certified translated version where applicable).
4. Two copies of the relevant pages of the passport of the student.
5. A non-refundable registration fee in the form of Demand Draft drawn in favour of the Registrar Fund Account, Kakatiya University, Warangal.

Sending the Application

The 'Application Form for Admission Eligibility,' with all the enclosures named above should be sent to:

Director, CFRAC, Kakatiya University
Vidyananyapuri, Warangal 506009
Andhra Pradesh, INDIA

The Director of CFRAC will forward the applications received from the prospective International Students to the Deputy Registrar (Academic) in order to ascertain eligibility, and the Academic Branch of the University will issue an 'Eligibility Certificate.'

No Objection Certificate

Foreign students intending to pursue research programmes such as Ph.D must obtain a 'No Objection Certificate' (NOC) from the Ministry of Human Resource Development (MoHRD), Government of India. It is possible to apply for the NOC while applying to the University by sending a copy of the filled-in 'Application Form for Admission Eligibility' along with the necessary enclosures. Alternatively, they can wait till they get their 'Provisional Admission Letter' and then apply to the MoHRD, Govt. of India enclosing a copy of the 'Provisional Admission Letter'. Without the NOC issued by the MoHRD it will not be possible to obtain 'Research Visa' and consequently the University cannot finalize the admission. The application for NOC may be sent to

The Deputy Secretary,
Ministry of Human Resource Development
(Department of Secondary Education and Higher Education),
Government of India, Loknayak Bhavan, Amritha Shergil Road, New Delhi.

However the condition of NOC does not apply to the foreign students sponsored by ICCR, Ministry of External Affairs (Govt. of India), since these students are issued 'Research Visa' at the time of leaving for India.

Decision on Admission : Once the applications are processed the candidates will be intimated about their admission status and, if they are found eligible, the 'Provisional Admission Letter' will be issued by the University for the purpose of obtaining 'Student Visa.' This 'Student Visa' should be endorsed only to Kakatiya University.

Medical Test: After obtaining visa the student should travel to India and report to the CFRAC of the University. He/she will be then asked to undergo a Medical Test for HIV. If he/she is found HIV negative, he/she will be given final admission into a college. Fees as suggested on page 13 have to be paid at this stage.

Accommodation: Where possible the CFRAC will accommodate the overseas students in the hostels on the campus. They are however free to hire private accommodation close to the college where they study.

ADMISSION PROCEDURE

A Single Window Facility

The CFRAC is located in the University Auditorium and it is headed by a Director, who is in constant contact with the international institutions, organizations such as EU, the Embassies/Consulates of India in foreign countries, etc. He helps in updating the required information with regard to the curricula in vogue and the nature of programs pursued at the University for the benefit of the prospective enrolment of foreign students. The kind and quality of service extended by the CFRAC in this sphere has been in good demand and appreciation. The foreign students can contact the Director and the staff at CFRAC for any help on academic, personal and health matters at any time during their period of stay. The CFRAC assists in fostering relations between universities, both Indian and foreign, and helps in exchange programmes involving staff, scholars and students.

Orientation Program

The CFRAC is planning to offer Health Insurance Policy, keeping in view the number of ailments that foreign students face with. Every student will be required to pay the requisite fee through a demand draft drawn in favor of "NEW INDIA ASSURANCE LTD & CO" towards Health and Accident Insurance Policy. Each student will be issued an identity card for health insurance and this facility would enable the insured persons to obtain cashless treatment in any of the enlisted hospitals. Health Insurances cover consultation and hospital treatment for conditions that arise while the students are in Warangal. It does not cover treatment for pre-existing medical conditions and disorders. During hospitalization, charges for drugs, diagnostic tests and any surgery performed as advised by the Doctor will be covered.

International Youth Festival

The CFRAC conducts cultural activities and sports & games competitions every year on Independence Day and Republic Day for international students in order to bring out the innate and artistic talents of the foreign students. The events become a platform for a kind of cultural exchange.

At Home Function

Every year the Hon'ble Vice-Chancellor hosts an 'At Home Function' for all the international students in order to make them feel at home even if they are away from home. This is a very nice get-together wherein all the foreign students interact with one other and perform some skits and cultural programs to showcase their culture and win solidarity from all.

Certificate Course in English for Foreign Students (CCEFS)

The CFRAC has designed a course in English for foreign students who need to improve their proficiency in English language. This ten-month course is offered at University Arts College and Centre for English Language Training (CELT). We strongly recommend CCEFS course for those students whose medium of instruction is other than English.

Admission Procedure

Under-Graduate, Post-Graduate and other Diploma Programmes

International students can seek Provisional Admission into any Undergraduate, Post-Graduate and other Diploma programmes from January 1 every year. However, the cut-off date for applying is May 31 of the year.

Eligibility

UG & Diploma Courses: For admission into Undergraduate courses the candidate must have qualified in 10 + 2 (k12) or an equivalent examination, recognized by the Association of the Indian Universities (AIU), New Delhi, India.

PG Courses: International students, who have obtained their degrees at home / in India in the allied or subject(s) concerned, recognized by the Association of the Indian Universities, New Delhi, India, are eligible for admission into the post-graduate courses at Kakatiya University directly without any entrance test.

Requirements of Enclosures to Application

The following documents are to be enclosed with the application form:

- ✧ Two certified copies (with official seal) of the mark sheet(s) of the qualifying examination (both vernacular and translated version of English) (10+2 in case of UG Admissions, degree marks and certificate in case of the PG Admissions).
- ✧ Two copies of the all the pages of the passport.
- ✧ Non-refundable registration fee in the form of the Demand Draft drawn in the favour of the "Registrar Fund A/C, Kakatiya University" payable at Warangal.

Engineering, Technology & Other Programmes (BE / ME / BTech / MCA / MBA / BPharmacy / Pharm.D / BHM & CT Courses)

International students can apply for provisional admission into any Engineering, Technology, B. Pharmacy, Pharm.D, BHM & CT, MBA & MCA programs from January 1 every year. The cut-off date for applying is June 30 of that year.

Eligibility

BE / B.Tech / B.Pharmacy / BHM & CT Courses: To seek admission into the B.E / B.Tech, one should have a minimum of 60% marks either in the aggregate of all subjects or in the aggregate of mathematics, physics and chemistry at 10+2 level (K12) or an equivalent examination recognized by AIU. To seek admission into B. Pharmacy and Pharm.D courses one should have a minimum of 60% marks either in the aggregate of all subjects or in the aggregate of mathematics, physics and chemistry or biology, physics and chemistry at 10+2 level (K12) or an equivalent examination recognized by AIU. International students graduating from universities / schools abroad and seeking admission into these courses are exempted from EAMCET, an entrance test conducted each year by the Government of the Andhra Pradesh for selecting the candidates into Pharmacy, Engineering & Technology stream and any other entrance tests conducted for the purpose.

Note: Indian NRI students should have a minimum of 60% in the aggregate of mathematics, physics and chemistry only at 10+2 level.

ME/ M.Tech/MCA/MBA Courses: An international student seeking admission into ME / M.Tech / MCA / MBA courses must have passed a degree course (recognized by AIU) in the subject concerned with a minimum of 60% marks or equivalent GPA grade. Any graduate international student who has passed mathematics as one of the subjects at 10+2 level and has passed his degree course (recognized by AIU) with a minimum of 60% marks or equivalent GPA grade is eligible for admission into MBA courses.

Enclosures to Application

The following documents are to be enclosed with the application form: Two certified copies (with official seal) of the mark sheet(s) of the qualifying examination, i.e., 10+2 (both vernacular and translated version of English) for BE / B.Tech / B.Pharmacy / BHM & CT admissions. Two certified copies of the mark sheet(s) of the qualifying examination (both vernacular and translated version of English) i.e., degree marks and certificates for admission into ME / M.Tech / MCA / MBA courses admissions. Students applying for MBA courses should enclose 10+2 certificates also. Two copies of the all the pages of the passport. Non-refundable registration fee in the form of the Demand Draft drawn in the favor of the "Registrar Fund A/C, Kakatiya University" payable at Warangal.

Admission Process: After scrutiny of the applications of the eligibility, the university will issue a 'Provisional Admission Letter' for the purpose of obtaining from Indian Consulate / Embassy a 'Student Visa' endorsed to Kakatiya University without which no admission can be made. After obtaining the Student Visa endorsed to Kakatiya university, the students must report to the Director, CFRAC, Kakatiya University, Warangal, for 'final admission' along with the original certificates and tuition fee as stipulated in the course wise fee details. When a student reports at the CFRAC with a valid 'Student Visa', admission process will be initiated and the letter of final admission addressed to the Principal of the College concerned will be issued. The candidate shall report to the Principal of the allotted college along with the final admission letter and join the allotted programme. After fulfilling the admission process at the college, the student should take a bonafide certificate issued by the College and obtain Residential Permit from the FRO, Hyderabad.

Ph.D. Programme

Eligibility: Admissions to Ph.D Programs are made all through the year since international students complete their qualifying degrees at various times during the year and get their visas as and when they are approved. They should have at least a second class (not less than 55 %) or an equivalent grade in the qualifying examination recognized by AIU.

Enclosures to the Applications: The following documents are to be enclosed along with the application: Two certified copies (with official seal) of the marks sheet(s) and degree certificate of the qualifying examination, i.e., master's course and bachelor degree course (both vernacular and certified translated version in English). A copy of the syllabus/curriculum of their P.G. / M.Phil. Degree (certified translated version in English). Two copies of research proposal. Two copies of all pages of the passport. A non-refundable registration fee in the form of Demand Draft drawn in the favour the 'Registrar Fund A/C, Kakatiya University, Warangal', payable at Warangal.

Admission Process

1. On receiving the Application Form with a DD for Processing Fee, the Director, CFRAC, initiates the process of identifying the Research Guide / Supervisor in consultation with the HoD and / or Chairperson of BoS of the Department concerned and a Provisional Admission Letter and a Certificate of Affiliation in 7 copies are issued to the scholars.
2. Foreign students intending to pursue research programs such as Ph.D must obtain a 'No Objection Certificate' (NOC) from the Ministry of Human Resource Development (MHRD), Government of India. However, the condition of NOC does not apply to the foreign students sponsored by EU on ERAMUS Project, ICCR, Ministry of External Affairs (Govt. of India), since these students are issued 'Research Visa' at the time of leaving for India. Self-financing scholars should approach MHRD for obtaining NOC which is mandatory as international scholars will not be issued 'Research Visa' by the Indian Embassies, High Commissions and Consulates abroad.

3. On the student's reporting at the CFRAC with a valid Research Visa, the candidate has to face an interview with the Research Committee comprising the Dean of the Faculty, Head of the Department, Chairperson of BoS, two senior professors of the department concerned and one external member duly constituted by the University. The Committee ratifies the Date of Admission granted by the Director, CFRAC, KU, and the Registrar, KU, in their letters.
4. For all purposes the date of reporting of the foreign student to the Dean shall be the date of joining the Ph.D program for submission of dissertation at KU. The annual tuition fee will be accounted from the date of admission for scholars studying in India or from the date of registration for the scholars applying from abroad. 15 % of the tuition fee will be paid to the supervisor per annum and another 15 % will be paid to the Head for research facilities provided in the department from the tuition fee paid by the scholar. The scholars have to carry out their research work under their Research Guide for a minimum period of two years and a maximum period of five years. There is no part-time research provision for international scholars except NRIs. Scholars under Exchange Program are exempted from Registration and Tuition Fees.
5. NRIs will submit their proposals online from their place of work. Once their topic is approved, they will be interviewed and admission will be granted as part-time research scholars for a minimum period of three years and a maximum period of five years. A supervisor can accept these scholars as supernumerary. NRIs can attend Ph D Course Work during summer vacation for three years.
6. The successful scholar will then report to the Dean of the Faculty with the Letter of Registration and join the Ph.D Program. The Dean will mark copies of the Joining Report of the scholar to the Principal of the College, Head of the Department, Chairperson of BoS concerned, the Director, CFRAC and the Deputy Registrar (Academic).
7. The scholars are exempted from Ph.D. Eligibility / Entrance Test and the viva-voce will be held online if the Research Visa of the scholar expires.
8. The period of research program for full time foreign scholars is normally minimum two years and maximum four years from the date of their joining the program. In case the program is incomplete, extension for a period of one more year shall be granted on application to the Dean of the Faculty through the Director, CFRAC. The request for any such extension must be made at least two months prior to the expiry of three year deadline, failure to which will lead to the cancellation of admission. Any further extension beyond four years, for a maximum period of a year, shall have to be granted by the University. The request for the same may be forwarded through the Director, CFRAC. The registration of a foreign scholar shall stand cancelled after the expiry of the extension period.
9. As and when the applications are received at CFRAC, they will be processed for admission and the provisional admission letters will be issued to the eligible students.
10. Then the foreign students from self-financing category will have to download the application form for research visa from the website www.kakatiya.ac.in and submit the duly filled in the application form along with the necessary documentary evidences in seven sets to the Director, CFRAC, for obtaining signature and attestation of the Registrar, Kakatiya University, on the Certificate of Affiliation. After obtaining the signature of the Registrar, the candidates have to submit above documents at the respective Embassy / Consulate of India and obtain research visa which is mandatory for any universities in order to admit the students into Ph.D Program.
11. A half-yearly progress on the research work carried out is to be submitted to the Dean of the Faculty through proper channel. A copy of the progress report should also be sent to the Director, CFRAC.
12. There is no provision for part-time research in the University of foreign students. All candidates applying for research programmes will be admitted for full-time research only.
13. The foreign student is allowed to appear for the next immediate course work examination after the date of joining in the department. Failing to clear the examination in two successive attempts will disqualify the foreign students from pursuing further research and their admission stands cancelled. The medium of examination is English only. The syllabus for the pre-Ph.D. examination is same as for the local students and the details of it can be had from the respective departments.
14. As soon as the work is completed, the entire work has to be presented in the form of a write-up only in English, called the thesis, and submitted to the controller of Examinations along with the prescribed application form. The guidelines laid down in the 'Ph.D. Regulations' of Kakatiya University, shall be adhered to while preparing the thesis. Also, at the time of submitting the thesis, the tuition fee and any other payments have to be cleared and a 'No Dues Certificate' from the Director, CFRAC, has to be submitted to the COE.
15. The international scholars should note that the duration of the research programme, Pre-Ph.D examination, syllabus, seminars, submission procedure of the dissertation, etc., are the same as in the case of Indian students. The booklet Degree of Doctor of Philosophy: Rules and Regulations (w.e.f. November 2011) published by the University will give complete details in this regard. A copy of this booklet can be obtained from the Academic Section on request.

Penalty:

The tuition fee must be paid in full at a time on or before August 31 every year, failing which the following late fee shall be levied:

Late fee from September 1 to September 30 every year	- Rs. 1000
Late fee from October 1 to October 31 every year	- Rs. 1500
Late fee from November 1 to November 30 every year	- Rs. 2000

Students will not be allowed to take examination without payment of tuition fee.

All admissions into UG, PG, Professional courses are done through CFRAC, KU. No student shall be admitted directly into the campus, constituent and affiliated colleges of Kakatiya University without Final Admission Letter issued by the Director, CFRAC, KU.

Children of NRI are not eligible for UG, PG & Professional courses under foreign student's category. They are eligible for admission into engineering courses only. No candidate can cancel his/her admission without the prior permission of Director, CFRAC, KU.

Attendance Rules

At the end of each semester / year, the cumulative percentage of attendance is calculated and the student is issued a hall-ticket for ensuing examination only if he / she has the stipulated percentage of attendance, i.e., 75%. A candidate promotion to subsequent semesters is subject to regular attendance (75%), payment of fee (including exam fee), are good conduct in the college.

Backlog Rules

For Semester Scheme: During the regular exams of I, II, III and V semesters, backlogs of these semesters as well as the VI semester will be conducted. At the time there will be no backlog exams for II and IV semesters. During the regular II, IV and VI semester exams, all backlogs (I to IV semester) will be conducted.

For year wise scheme: The backlog exams of the 1st year should be written in the subsequent year.

Re-admission Rules

For candidates detained due to the shortage of attendance: In case of the students who fail to put in the required attendance (75%) in a course of study, the admission into which is based on qualifying examination he/she shall be detained in the same class and will not be permitted to appear for the university examination. Such candidates shall have seek re-admission into the class during the subsequent year in order to complete the shortage in attendance and appear for the examination after fulfilling the attendance requirements. They have to seek re-admission on or before August 3, at CFRAC only.

For candidates detained to backlogs: They have clear the minimum number of backlog papers to be eligible. The candidates seeking re-admission are directed to take re-admission in the beginning of the next academic year, i.e., on or before August 3, at CFRAC only.

Malpractice Rules: Foreign students are advised not to indulge in malpractice during examinations. If any student is found guilty of malpractice, he/she shall be penalized as per the decision of the malpractice committee appointed by the Vice-Chancellor. He/she shall be debarred from appearing at the subsequent papers of the examination apart from cancelling the result of the examination in which he/she had indulged in malpractice.

COURSES, FEES AND DURATION for INTERNATIONAL STUDENTS

Given below is a table outlining fees to be paid by international students each year at Kakatiya University, Warangal, TS, from October 2017 onwards. The fees might change from year to year:

Sl.No.	Course	Duration (Years)	Registration Fee in ₹	Tuition Fee per annum in ₹
1	B.A	3	6,500	16,800 (\$ 263)
2	B. Sc	3	6,500	24,000 (\$ 376)
3	B.Com	3	6,500	20,400 (\$ 319)
4	BBM	3	6,500	24,000 (\$ 376)
5	B. L. I. Sc.	1	6,500	24,000 (\$ 319)
6	L.L.B	3/5	6,500	48,000 (\$ 751)
7	B. Ed	1	6,500	48,000 (\$ 751)
8	B. P. Ed	1	6,500	48,000 (\$ 751)
9	B. Pharmacy	4	10,000	1,50,000 (\$ 2346)
10	B. Tech	4	10,000	1,35,000 (\$ 2111)
11	Language course by CELT	3 to 12 months	6,500	2,400* (\$ 38)
12	M.A	2 Years	10,000	48,000 (\$ 751)
13	M. Sc	2 Years	10,000	90,000 (\$ 1408)
14	M. Com	2 Years	10,000	72,000 (\$ 1126)
15	M.B.A	2 Years	10,000	90,000 (\$ 1408)
16	M. L. I. Sc.	1 Year	10,000	72,000 (\$ 1126)
17	L. L. M	2 Years	10,000	72,000 (\$ 1126)
18	M. C. A	2 Years	10,000	90,000 (\$ 1408)
19	M. Pharmacy	2 Years	10,000	2,70,000 (\$ 4222)
20	M. P. Ed.	2 Years	10,000	72,000 (\$ 1126)
21	M.Tech (Digital Communication Engg & CSE)	2 Years	10,000	1,50,000 (\$ 2346)
22	M.Phil. in Commerce & Business Management, Economics, History & Tourism Management (HTM), Education, English, Public Administration & Human Resource Management (HMR), Political Sciences, Sociology, Psychology, MCJ, and Telugu)	1.5	10,000	97,500 (\$1525)

24	Ph.D., in Sciences (Biotechnology, Botany, Chemistry, Computer Science, Mathematics, Geology, Microbiology, Physics, Statistics & Zoology)	2-5	15,000	1,62,500 (\$ 254)
	Ph.D., IN Engineering & Technology (CSE,ECE,ME & CE)	2-5	15,000	1,62,500 (\$ 254)
25	Ph.D., in Law, Commerce & Business Management	2-5	15,000	1,30,000 (\$ 2033)
26	Ph.D., in Arts/ Soc.Sci./Edn- (English, Telugu, Hindi, Education, Physical Education, Economics, Public Administration & Human Resource Management (HMR), Political Science, Sociology, History & Tourism Management, Social Work	2-5	15,000	1,30,000 (\$ 2033)

Notes: 1) Fee should be paid in Indian Rupees. (2) Registration Fee should be paid only once, i.e. at the time of admission. (3) Tuition fee is payable per annum in one installment. (4) *Students of Bio-technology pay additionally Rs 35,000 as Bench Fee. (5) All payments through DDs / Banker Cheques drawn in favour of REGISTRAR FUND ACCOUNT, KU, (052026910378) payable at SBI, KU, Branch. (IFSC Code: SBIN0020262) or the Principal of the College concerned.

AWARENESS PROGRAMME

The Centre for Foreign Relations, Research and Consultancy (CFRAC) organized a programme to create awareness among the students going abroad for higher studies. Official from Hyderabad American Consulate Miss Gamyra and Mr. Rajiv Ravi made explained the procedures to be followed through power point presentation. They advised the students to apply well in advance and not to approach middlemen. They also advised student to visit their websites. Prof. G.Damodar, Director, CFRAC coordinated the programme.

Pharmacy Job Opportunities in USA

NRI Pharmaceutical Scientist, Dr. D. Samba Reddy, offered career counselling to the pharmacy students and research scholars of Kakatiya University on January 7, 2008. He spoke on "Pharmaceutical Job Opportunities in the US." Pharmacy is the best of the health professions because of its unlimited potential in the USA and current golden era for the pharmaceutical field in India, Dr. Reddy said, "Pharmaceutical jobs in America are fascinating, challenging and financially rewarding. The pharmacy alumni are ready to help the students of Kakatiya University."

Patent for Research

The University College of Pharmaceutical Sciences has been engaged in the research of new drug development for the last two and a half decades. As a result of these efforts, under the supervision of Prof. Raghu Rama Rao, a new molecule having potential impact on breast cancer therapy has been developed. It has secured Indian Patent and is likely to get International patent. A pharmaceutical company has come forward to further develop the molecule and paid an advance of Rs. 4.00 lacs as

its initial contribution. If it gets international patent, the university would get rich royalty, said Prof. Raghurama Rao. This is the first instance of the university getting income out of its research. The cheque has been handed over to Vice-Chancellor Prof. N. Linga Murthy. The Vice-Chancellor appreciated the research work of Prof. Raghu Rama Rao

NAAC 'A' GRADE CERTIFICATE

The National Assessment & Accreditation Council (NAAC), Bangalore presented 'A' Grade Accreditation Certificate to Kakatiya University. At the NAAC Accreditation Award Ceremony on March 28, 2010 the Vice-Chancellor Prof. N. Linga Murthy accepted the certificate from the NAAC Director Prof. H.A. Ranganath, NAAC Executive Committee Chairman Prof. Goverdhan Mehta and UGC Vice-Chairman Ved Prakash. NAAC Peer Team visited Kakatiya University in April 2009 and reaccredited it with the top 'A' Grade.

New Proposals to UGC under XII Plan

Kakatiya University has submitted XII plan proposals to the UGC to the tune of Rs. 100 crores. Two separate proposals for Rs. 75 crore and Rs. 100 crore were submitted as per the UGC guidelines as Scenario 1 and Scenario 2. The University Vice-Chancellor Prof. B. Venkat Rathnam and Registrar Prof. K. Sayulu personally submitted the proposals to the UGC Chairman Prof. Ved Prakash in New Delhi. Giving top priority to development of infrastructural facilities, proposals for construction of Hostels for International Students, Boys, Girls, Research Scholars, Central Facility Block, Faculty Development Centre, Academic Blocks were incorporated. Besides, proposals were also made for renovation and extension of existing buildings. Introduction of new courses such as M.Sc. Nano Science and Technology, M.Pharm. (Pharmaceutical Analysis), M.Ed. (Special Education), Integrated MBA with B.Tech, M.A. Dalit & Tribal Studies among others have been proposed in the XII plan. They also met ICSSR Chairman Prof. Thorat and Distance Education Council Chairman Prof. Bharath Bhushan during their visit to New Delhi.

KU as EU Partner

Kakatiya University is a partner institution in ERASMUS Project Lot 13 along with 7 other institutions from India. There are 9 partner institutions from EU. There will be two way mobilities between India and EU. There will be student and faculty mobilities between partner institutions of India and KU. Details of the Project are available at www.india4eu.eu.

DETAILS OF EU FOR KU

Eligible Activities and Conditions Ruling the Individual Geographical Lot:

Eligible activities are specified in the Programme Guide under section 6.1.2b for EMA2-STRAND1 and under section 6.2.2b for EMA2-STRAND2. The table below provides information on the mobility from European HEIs to the third-country HEIs and from third-country HEIs to European HEIs according to the rules defined by each financial instrument and subject to the type of mobility and distribution for each lot.

Undergraduate Master Doctorate Post-doctorate Staff

Type of Mobility and Distribution

The type of mobility and the distribution for this geographical window must respect the following:

ENPI South (lot 1-3): Type of mobility Distribution

Undergraduates 30-40% of the total; Masters 15-25% of the total
Doctorates 5-15% of the total; Post-doctorate 5-15% of the total
Staff 15-25% of the total

Russia (lot 4) and ENPI East (lot 5):

Type of mobility Distribution

Undergraduates 25-35% of the total; Masters 15-25% of the total
Doctorates 15-25% of the total; Post-doctorates 5-15% of the total
Staff 10-20% of the total

Thematic fields of study:

The following list of regional needs in terms of thematic fields of study has been identified for this window:

1. Agricultural Sciences (01)
2. Architecture, Urban and Regional Planning (02)
3. Business Studies and Management Sciences (04)
4. Education, Teacher Training (05)

5. Engineering, Technology (06)
6. Geography, Geology (07)
7. Law (10)
8. Medical Sciences (12)
9. Social Science (14)

Eligible activities, including preparatory activities, can start as of **15 July 2012**.

ENPI - European Neighbourhood and Partnership Instrument

DCI - Development Cooperation Instrument

IPA - Instrument of Pre-accession Assistance

EDF - The European Development Fund (EDF) is the main instrument for providing EU assistance for development cooperation under the Cotonou Agreement: "the Partnership Agreement between the members of the African, Caribbean and Pacific Group of States of the one part and the EU and its Member States of the other part". The Agency plans to announce the award decision by July 2012.

The planned duration of a project is specifically reported in the individual geographical window/ lot and cannot exceed **48 months**.

BUDGET

The overall available amount under this Call for Proposals is EUR 170.64 million, aiming at a minimum mobility flow of 6210 individuals. The available budget for EMA2 -STRAND1 is EUR 169.440 million aiming at a minimum mobility of 6185 individuals. India DCI EUR 12 million. The available budget for EMA2-STRAND2 is EUR 1.2 million aiming at a minimum mobility of 25 individuals. Geographical windows Cooperation Instrument Indicative Global Amount South- East Asia ICI EUR 1.2 million
