

Dedicated to excellence

In its 38th year of existence, Kakatiya University is poised to achieve greater academic excellence in the Telangana region. BY A CORRESPONDENT

THE establishment of Kakatiya University on August 19, 1976, fulfilled the long-cherished aspirations of the people of Telangana and heralded a new era in the realm of higher education in the region. The university has made great strides in achieving academic excellence. It has a network of 11 constituent colleges and 471 affiliated colleges in the districts of Warangal, Khammam and Adilabad of Andhra Pradesh.

The university has a vibrant research culture. It currently has 100 projects sponsored by various national-level funding agencies. Twelve departments are recognised by the University Grants Commission's (UGC) Special Assistance Programme (SAP) for carrying out research work.

FACILITIES AND ACTIVITIES

The university provides coaching to students belonging to the Backward Classes (B.C.), the Scheduled Castes (S.C.) and the Scheduled Tribes (S.T.) for the National Eligibility Test (NET) and other competitive examinations. For all-round development of students, the university has a student welfare centre, a placement cell, an indoor games complex, a yoga centre and a gymnasium.

The university has a spacious Central Library with a collection of 1,50,000 titles in addition to 25,000 back volumes of research journals. Under the UGC-Infonet Digital Library Consortium, around 12,650 e-journals are made accessible through the campus local area network (LAN). It also houses a Computer Centre with Internet facility for students. A round-the-clock study hall provides additional reading facilities.

The university has held its flag high in the domain of

sports and games at national-level competitions. It has strong alumni associations with branches abroad which support its developmental programmes.

In order to give impetus to the educational, research and faculty exchange programmes with Indian and foreign universities, the university entered into memorandums of understanding with other universities having a common interest.

The university invites eminent persons for endowment lectures in memory of former Prime Minister P.V. Narasimha Rao, Telangana ideologue Dr K. Jayashankar, human rights crusader Dr K. Balagopal, Sri Pamulaparthi Sadasiva Rao and Prof. B. Janardhan Rao.

The university has the distinction of conducting international conferences in biotechnology, pharmaceutical sciences and English.

UNIVERSITY ARTS AND SCIENCE COLLEGE

The University Arts & Science College, established in 1927, is the oldest higher educational institution located in the north Telangana region. It has many distinctions to its credit. It has an "A" grade NAAC (National Assessment and Accreditation Council) accreditation. It is one of the few colleges in the country recognised as one with a potential for excellence and as a "Star College" by the UGC. As a constituent college of Kakatiya University, it has been playing a pivotal role in teaching, research and extension activities. The college has been contributing to the sociocultural transformation of the region by imparting quality and value-based higher education.

It offers 30 undergraduate courses and course combinations and nine postgraduate courses. It has a glorious track record in sports and on the cultural front. The college has a well-equipped library, a sophisticated English language laboratory, an air-conditioned seminar hall, a computer laboratory, an auditorium, a health centre, a multigym and a big playground.

COURSES ON OFFER

Under the initiative of Vice-Chancellor B. Venkat Ratnam, the university has been offering regular postgraduate courses in psychology, communication and journalism, physical education, statistics and gender studies on its campus. It also offers MA (Sociology) at the University Arts and Science College. The university introduced M.Ed. and Master of Social Work (MSW) in the distance education mode recently.

"We will soon set up a Department of Performing Arts. At the graduation level, we are offering Travel & Tourism as vocational course. We also have plans to set up a practising school since we are offering B.Ped. and B.Ed. courses," Venkat Ratnam said.

'We have made a mark'

Prof. B. Venkat Ratnam, Vice-Chancellor, Kakatiya University.

FOR any institution, it takes two or three decades to establish itself and earn credibility. Kakatiya University was able to make a mark right from its inception.

I am an alumnus of the university and also its Vice-Chancellor. The university has produced many illustrious persons. Former Prime

Minister P.V. Narasimha Rao was a student of our University Arts and Science College. The world-renowned mimicry artiste Padma Shri Nerella Venu Madhav, Sahitya Akademi awardee A. Naveen and Arjuna awardee J. Pitchaiah were students of this university.

Many teachers who worked here have earned name and fame. Besides academics, they excelled in their chosen fields. Our Public Administration department had distinguished academics like Prof. G. Ram Reddy, Prof. V. Shivalinga Prasad, Prof. G. Haragopal. The Mathematics department had renowned human rights activist K. Balagopal.

The English department had Prof D. Ramakrishna and Prof S. Laxmanamurthy, while the Telugu department had noted litterateurs such as Acharya Kethavarapu Ramakoti Sastry, Acharya Kovela Suprasannacharya, Acharya Kovela Sampatkumarcharya, Sahitya Akademi awardee Prof. Katyayini Vidmahe, and Prof. Anumandla Bhumaiah, who was Vice-Chancellor of Telugu University.

The Pharmacy department was adorned by Prof. Chandrakanth Kokate [regarded as the father of Indian pharmacognosy. He also served as the Vice-Chancellor of the university.]

The teachers encouraged students like me. As they nurtured us with their knowledge and love, we could become accomplished persons today and reach heights in our lives and careers. I am deeply attached to this institution and hence trying my best to see it grow steadily. I am doing my best in all capacities. I am greatly indebted to the Government of Andhra Pradesh and leaders such as Deputy Chief Minister Damodar Raja Narasimha.

As told to A Correspondent

The university, which started an engineering college on its campus offering four courses, has now added two more courses—information technology and civil engineering—and M.Tech. in electronics and communication engineering. The same courses have been introduced at its Kothagudem campus, too.

Among the other initiatives taken up by Venkat Ratnam are the starting of three new postgraduate colleges at Jangaon, Mahabubabad and Bhupalpalli, which are fast-growing towns in Warangal district. The university has also set up an exclusive women's engineering college on its campus and a women's postgraduate centre at the University Arts and Science College.

The Department of Commerce and Business Man-

agement has been upgraded into a college.

The School of Distance Learning & Continuing Education's (SDLCE) MA (Sociology) and PG diploma in industrial relations & personnel management (IRPM) are very popular and offer human resource to Singareni Collieries Company Limited (SCCL).

The university has helped poor students in Telangana have access to higher education. Along with Osmania University, it has served several districts of the region.

INFRASTRUCTURE

Under Venkat Ratnam, the university witnessed vast development in terms of infrastructure. A state-of-the-art auditorium, with a seating capacity of 1,200 and with four seminar halls, was inaugurated in November 2013. New buildings were constructed for the Physical Education department and for the women's college at the Subedari campus. A canteen building and a new chemistry block were added at the Subedari campus. A new academic block was constructed at the engineering college, a new building came up for the Directorate of Admission and a new floor was added to the SDLCE building. Under the Centrally sponsored Babu Jagjivanram Chatrawas Yoja-

'Plan to produce skilled graduates'

K. Sayulu, Registrar, Kakatiya University.

M. MURALI

WE are passing through a transition. Kakatiya University is bracing up for the challenge to produce well-qualified and skilled graduates unlike universities producing just graduates.

The world needs 20 crore skilled manpower by 2020, of which China will supply about six crore while

India will supply nearly 10 crore of them. Earlier, population explosion was considered a bane, but the vast young population is a dividend for India. World over, countries are being measured by their skilled manpower not by wealth. India has an advantage here. As part of its plans to produce highly skilled graduates and postgraduates, Kakatiya University has submitted scores of research proposals worth Rs.100 crore to various State and Central government agencies for funding.

Our university is in the top 10 list with regard to student enrolment, with about 2.25 lakh students in all affiliated colleges. About 40 per cent of pharmacists working in the United States belong to Kakatiya University. The top mining companies in India are head-

ed by our students. We have MoUs [memorandums of understanding] with the DRDO [Defence Research and Development Organisation] and many international institutions and universities.

The present Director of CCMB [Centre for Cellular and Molecular Biology], Mohan Rao, and the Deputy Director of ISRO [Indian Space Research Organisation], T. Krishna Murthy, are alumni of Kakatiya University.

Under the Rashtriya Uchhatar Shiksha Abhiyan (RUSA), the Central government plans to set up two universities—one at Adilabad and another at Kothagudem in Khammam district. It also plans to upgrade the existing postgraduate centres at Nirmal and Khammam into cluster universities. The University Arts and Science College would be made into a unitary university like the Nizam College of Osmania University.

Kakatiya University seeks to benefit from Central government schemes such as BUILDER [Boost to University Interdisciplinary Life Sciences for Education and Research], PURSE [Promotion of University Research in Science Excellence] and NIMCET [National Mission on Education through Information & Communication Technology].

As told to A Correspondent

na, two new hostels (a Rs.6-crore facility for girls and a Rs.3-crore facility for boys) were constructed.

SPORTS AND GAMES

The Vice-Chancellor, himself a sportsman, has changed the physical landscape of the campus. "We are also constructing a sports hostel on the campus," he said.

On the extracurricular front, Kakatiya University has played host to several inter-university events. The university hosted the central zone inter-university cultural youth festival, "Yuva Kalaratna", from November 18 to 22, 2013.

It also hosted the central zone inter-university competitions for kabbadi (men), handball (men and women) and cricket (men and women).

"In kabbadi, our university team stood first. In hand-

A CULTURAL EVENT at the Kakatiya University zonal-level youth festival in Khammam.

ball men category, we bagged the first prize and in handball women and cricket women, our university secured the fourth place," Venkat Ratnam said.

With a teaching experience of over three decades,

An array of courses

KAKATIYA University was established on August 19, 1976, on 650 acres (260 hectares) of land at Vidyaranya-puri in Hanamkonda, Warangal district, Andhra Pradesh. It has an "A" grade accreditation from the National Assessment and Accreditation Council (NAAC).

The university has under its jurisdiction 11 constituent colleges and 471 affiliated colleges located in the northern Telangana districts of Warangal, Khammam and Adilabad.

It has eight faculties: Arts, Commerce & Business Management, Education, Engineering, Law, Pharmaceutical Sciences, Science, and Social Sciences.

The university has four study centres: the Dr B.R. Amedkar Study Centre, the Centre for Women's Studies, the Telangana Studies Centre, and the Kakatiya Adhyayana Kendra. It runs various coaching centres for students hailing from the rural areas of the region. These are the Centre for English Language Training (CELT), the National Eligibility Test (NET) Coaching Centre for Scheduled Caste/Scheduled Tribe students, and the SC/ST Coaching Centre for Entry into Services.

The university houses on its campus the Central Instrumentation Centre; the Media Production Centre; the Distance Education Quality Support & Training Institute (DEQSTI); the University Computer Centre; the Yoga Centre; the Centre for Foreign Relations, Research and Consultancy (CRFAC); the Centre for Career Counselling & Guidance Cell; the University Sports Board and the Health Centre. The university offers MPhil and PhD programmes. It has Special Assistance Programmes in 15 departments on the campus.

The university offers the following postgraduate courses: MA (English, Telugu, Hindi, economics, human resource management (HRM), tourism management, history, political science, public

administration, sociology, social work); MSc in (physics, chemistry, mathematics, applied mathematics, botany, zoology, statistics, microbiology, biotechnology, biochemistry, computer science and psychology); M.Com and M.Com (Financial Accounting).

The university offers professional courses such as MBA, Master of Pharmacy, Master of Computer Applications (MCA), Master of Laws (LLM), Medicine, Master of Library and Information Science (MLISc) and Master in Mass Communication and Journalism (MCJ). It has also introduced five-year integrated courses in chemistry, biotechnology and law, and a diploma course in sericulture. At the undergraduate level, it offers BA, BSc, B.Com and Bachelor of Business Management (BBM). Professional courses at this level are B.Tech, B.Pharm, and Bachelor of Laws (LLB).

The university has 259 teaching staff and 479 non-teaching staff with a student strength of 2.25 lakh (including in affiliated colleges). A total of 112 students from 11 foreign countries are currently pursuing various courses at the university.

The university's School of Distance Learning & Continuing Education (SDLCE) is popular throughout the country and among students of the Telangana region.

It offers MA (history, Urdu, economics, HRM/rural development), MA/MSc (mathematics), MSc (physics, chemistry, botany, zoology and environmental sciences), MCA (regular), MBA (regular), Executive MBA, MCJ, LLM, BCI, BLISc, MSc Psychology, BA, BBM, B Com (Computers), Post-Graduate Diploma in Computer Applications (PGDCA), Post-Graduate Diploma in Business Management (PGDBM), Post-Graduate Diploma in Distance Education (PGDDE), Diploma in Mimicry and Certificate in Library Science (CLISc).

By A Correspondent

Venkat Ratnam has earned many friends and admirers in high positions in the government. Using his personal relations, he succeeded in doubling the block grant from the Government of Andhra Pradesh. "We are getting Rs.25 crore block grant. After our repeated efforts, an additional Rs.25 crore block grant has been sanctioned to the university," he said.

In view of the emergence of new universities in the region, Kakatiya University is planning to introduce innovative courses with a high job potential.

THE NSS CELL

The university's National Service Scheme unit topped the country in blood donation and received appreciation for

organising awareness campaigns about campus and social issues. The NSS cell has 360 units. Between 2011 and early 2014, these units collected 31,624 units of blood through voluntary donation. NSS volunteers planted 3,04,815 saplings under the mass plantation programme and covered 72,000 children under the pulse-polio (vaccination) programme.

The NSS cell introduced a skill development training programme for 500 volunteers. These included mushroom cultivation, vermicomposting, fabric designing and beautician training. The cell created a voter awareness and enrolment programme among students who completed 18 years of age and enrolled 57,000 students this year. □
