DEPARTMENT OF PHYSICS
KAKATIYA UNIVERSITY
WARANGAL–506 009

Department of Physics, Kakatiya University offers Electronics as core subject at UG level (3 Year course) with six semesters with internal assessment for theory papers under Choice Based Credit System (CBCS) in University constituent and affiliated colleges for the students admitted in first year from 2016-17 academic year onwards.

1. Each of first four Semesters (i.e I, II III and IV) contains one theory core paper (20 marks for Internal Assessment and 80 marks for Semester End Exam equivalent to 4 credits) as Discipline Specific Course (DSC) and one practical paper (25 marks equivalent to 01 credit), whereas each of last two semesters (i.e V and VI) contains one theory core paper as DSC (15 marks for Internal Assessment and 60 marks for Semester End Exam equivalent to 3 credits), one theory elective paper as Discipline Specific Elective (DSE) (15 marks for Internal Assessment and 60 marks for Semester End Exam equivalent to 3 credits) and two practical papers (One for DSC and the other for DSE carries 25 marks in each paper equivalent to 01 credit). Total marks are 900 and credits are 36 for Electronics course.

2. Internal Assessment examination will be conducted twice in every Semester. Marks will be awarded from the average of the two Internal Assessment Exams in each Semester.

3. Scheme for CBCS, work-load for each paper, distribution of marks and credits; and scheme of question paper are attached herewith.

4. The practical examination will be conducted at the end of each semester. A minimum of 40% marks should be obtained by the student to pass the practical examination of Electronics in all semesters.

5. All the theory papers and practical papers of Electronics in I, II, III, IV and DSC paper of V & VI semesters are common to all students. But, electives (DSE) papers of Electronics in V and VI Semesters are to be chosen by the student from the available options.

6. Elective (DSE) papers of Physics and Electronics will be offered separately at the beginning of Semesters V and VI. Every student has to choose one elective from the Electives being offered.
