Sub: Scientific collaboration

Dear Dr. Saikrishna & Prof. Reddy,

This is letter to confirm my willingness to serve as a collaborator on Director, CSIR-NGRI approved project entitled "Estimation of thermal conductivity of Granites from Parts of Eastern Dharwar Craton, Southern India from mineralogy using mixing models and comparison with measured thermal conductivity".

I am very much interested in collaborating with you on this project for five years. I will be able to contribute my effort to this work, subject to the availability of time and resources. This collaboration is part of my official duties. I will provide scientific inputs, thermal conductivity measurement facility, and require geochemical analysis. No financial obligations are assumed under this collaboration and the output of the collaboration will come as publications.

I look forward to working with you on this collaboration.

Yours sincerely

(Labani Ray)
