Ref.No.25-1/2018/NAMS/

18th April, 2018

Subject – Continuing Medical Education Programme – Training of Junior and Middle Level Medical Scientists/Teachers under “The Medical Scientists Exchange Programme” of the NAMS for the year 2018-2019.

Dear Sir/Madam,

You are aware that one of the activities promoted by the Academy under Continuing Medical Education Programme in the area of Health Manpower Development is “Exchange of Medical Scientist” at junior and middle level. The junior or middle level biomedical scientists/teachers are sponsored for the purpose of receiving specialized training at well-established centres in India.

Kindly note that:-

- 1 The period of training is for two to four weeks. Selected nominees are eligible for reimbursement of travelling expenses (limited actual II Class AC rail fare) and D.A @ Rs. 300/- Per diem during the training period, subject to a maximum of Rs.5000/-. The expenditure on TA/DA will be met by the Academy.
- 2 The Academy does not provide course details to the candidates requiring training. The same is to be thought of and arranged by the candidate themselves as to where and which institution and in which area or topic he/she wants to undergo the specialized training.
- 3 The accommodation during training has also to be arranged by the candidates themselves.
- 4 As the Head of the Institution, it is requested that after assessing your institution's needs you may nominate a suitable candidate who can be spared and deputed for undergoing specialized training. The particulars of each candidate, together with your recommendation, as per format enclosed, may please be sent to the Academy for consideration.
- 5 While sending nominations, the candidate may be asked to attach a copy of the Consent Letter from the Institution, where he/she would like to undertake the training. It may be mentioned that without the Consent Letter from Host Institution, where training is desired, the application of the candidate will not be processed.
- 6 In exceptional case, an application / nomination may be submitted without a Consent Letter from the Host Institution. However, in such a situation the Consent Letter may be sent within two months of submission of the application.
7. Nomination of the candidate(s) recommended for the training during the year April, 2018 to March 2019 may be sent to the Academy latest by 31st August, 2018. Nominations received after this date will not be considered.
- 8 Prior permission/sanction of the Academy is necessary before commencing the Continuing Medical Education Training in the host institution.

Yours sincerely,

(Dr. K.K.Sharma)
