ABOUT UNIVERSITY :

Kakatiya University was established on 19th August 1976 to fulfill the aspirations of the Telangana people for higher education. It is located in the historical city, Warangal, the erstwhile seat of the Kakatiya rulers. The founding of the University was in fact a historic event that heralded a new era in the realms of higher education of this region. The erstwhile Post-Graduate centre of Osmania University was upgraded and named Kakatiya University. The University reaccredited with “A” Grade by NAAC, Bangalore on 12th September, 2017 with higher CGPA 3.36.

ABOUT THE DEPARTMENT : (DST-FIST Recognised)

The Department of Zoology was established as a part of the Post Graduate Center of Osmania University in the year 1968. It was temporarily located in Arts & Science College, Subedari during its initial stage of establishment. It was shifted to the main Campus. Department of Zoology adopted the syllabus prepared by the UGC curriculum development committee for our P.G. students and introduced of semester system of examination with internal assessment.

The department has been implementing novel teaching method right from its inception and is known for experienced and talented faculty. It has generated funds through various research funding agencies (UGC, DBT, DST, CSIR, TSCOST, ICMR, NON-SAP). Four teachers in this department have bagged best teachers awards of the state government.

ABOUT WARANGAL :

Warangal is a city in the south Indian state of Telangana. It was the capital of the Kakatiya dynasty from the 12th to 14th centuries, and many intricately carved monuments from this period still stand. Warangal Fort and the Thousand Pillar Temple, built in 1163. Set on a lake, Bhadrakali Temple. Warangal situated at a distance of about 140 km from Hyderabad and well connected by rail from New Delhi and Vishakapatnam.

OBJECTIVES OF THE SEMINAR :

The national seminar is intended to gather Researchers, Academicians and Scientists to share and exchange their information regarding the environmental concerns about climate change and its impact on the Animal Biodiversity. The seminar will be focusing on recent trends and developments involved in protection of Animal Biodiversity.

THEMES AND TOPICS OF THE SEMINAR :
