riasmarch2017@gmail.com

venkaiahyanamala07@gmail.com

Mobile: +91-9849848705

Technical Session:

Technical sessions include keynote address; lead lectures from eminent scientists followed by oral presentations by researchers and students, specific for every identified theme of the session, a separate poster session will also be arranged. Best Oral and Poster presentations will be awarded.

The organizers are inviting several eminent scientists in specific areas to deliver key note address and plenary lectures on selected topics.

Participants are given opportunity to present their research papers in oral/poster sessions and interact with senior scientists from different institutions. Academicians, teachers and student participants shall be able to widen their knowledge base, redefine their curricula with reference to developments in the above areas of Life Sciences.

Participants have to arrange for their own TA & DA. Local hospitality will be provided for outstation participants. Limited accommodation on payment is available in the University Guest house on first-come-first-serve basis.
