Subject: Submission of Books Indent under RUSA

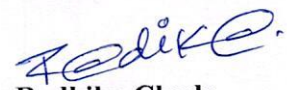

Respected Sir,

I hereby submit the **Books Indent** for procurement under the **RUSA scheme** for the Academic Year 2025–2026. The proposed list of books has been carefully prepared based on the latest syllabus requirements and academic needs of students, research scholars and faculty, particularly in the areas of **Mechanical Engineering, Additive Manufacturing, Robotics, Finite Element Methods, and Applications of AI & ML in Engineering.**

I kindly request you to consider the enclosed books indent and grant approval for further necessary action as per RUSA procurement guidelines.

Thanking you.

Yours sincerely,

Sir,

With reference to the subject cited above, we have been sanctioned a research project entitled "Application of plant transformation methods and genome editing tools for crop improvement and enhancement of secondary metabolites in higher plants." under RUSA 2.0, Component 10, Research, Innovation & Quality Improvement, in the Department of Biotechnology, Kakatiya University.

In order to implement this research project, it is necessary to procure the following books as per the approved budget and sanction:

1. Transgenic Plants: Methods and Protocols (Methods in Molecular Biology, Springer)
2. Plant Transformation Technologies (Wiley)
3. Gene Editing in Plants: CRISPR-Cas and Its Applications (Springer, 2024)
4. Plant Genome Editing with CRISPR Systems (Springer)
5. Genome Editing in Plants: Principles and Applications (Routledge, 2021)

Sir,

With reference to the subject cited above , we have been sanctioned a research project entitled “Studies on DNA and RNA components of nuclear matrix in *Antheraea mylitta*” , under RUSA 2.0., Kakatiya University .

In order to implement this research project, it is necessary to procure the books as per the approved budget.

Kindly consider the enclosed list of Books under the above RUSA Project

Thanking you

Yours Sincerely

Sub: Submission of the List of Books required for the RUSA Projects - Reg:

Dear Sir,

I am herewith attaching the list of Books required for the Research Centre of Molecules and Materials Physics. Once the availability of the Books and the cost of the Book is fixed, purchase order will be placed. I would like to mention that the entire list of the Books may not be purchased. Decision will be taken based on the availability of the Budget.

Thanking you,

Yours sincerely,

Prof. B. Venkatram Reddy

Subject: Request for Purchase of Books for Research Project

Dear Sir / Madam,

I am Dr.V.Mahender, Principal Investigator, RUSA 2.0, I am writing on behalf of to request approval for the purchase of books listed below. These books are necessary for the Research Project Titled "Brain Tumor Detection by using Magnetic Resonance Images by using Machine Learning Approach and Implemented through Embedded System Platform", Sanctioned under RUSA 2.0,

Details of Books to be Purchased

S. No	Book Name	Authors	Publisher	Year	ISBN	Description	Copies
1	Brain tumor detection using digital image processing	Vipin Borole, Sonali Kulkarni	LAMBERT ,Academic Publishing	2023	ISBN-10 : 6200288879	Focused on computational & image processing methods for tumor detection(e.g. from MRI)	1
2	Brain Tumor Detection on Using Medical Image	Dimphal Khambhat	LAP LAMBERT	2022	ISBN-10 : 6204735306	A More general take on medical image-Processing techniques applied	1

	Processing	i,Vishaka Khambhat i	Academic Publishing		ISBN-13 : 978- 6204735306	to tumor Detection: might cover MRI (and possibly other modalities). Good for building foundational knowledge of medical image processing workflows.	
3	MRI Image Segmentation for Detection of Brain Tumors	Chindam Hari Prasad	LAMBERT Academic Publishing	-----	ISBN-10 : 6206750914 ISBN-13 : 978- 6206750918	Focuses on orientation towards segmentation methods specifically for MRI Images.	1
